Simla, the 28th June 1912.

No. 222A.—In exercise of the powers conferred by section 5 of the Local Authorities Loan Act, 1879 (XI of 1879), the Governor-General in Council is pleased to direct that the following amendments be made in the rules published with the notification of the Government of India in the Finance Department, No. 6565A., dated the 24th October 1907.

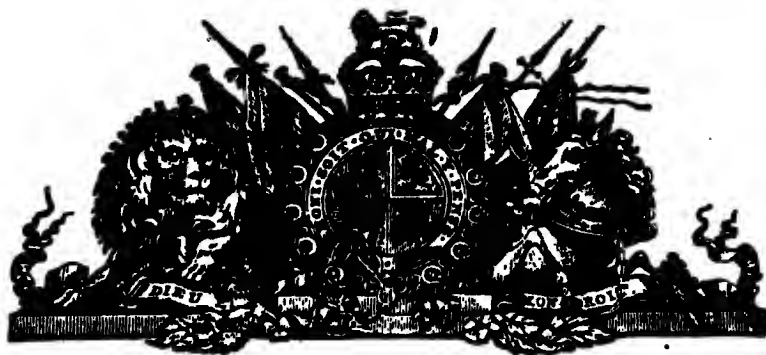

For the first sentence of Rule 12, the following shall be substituted, namely :—

“The Local Government shall make such provisions as may seem to be necessary for the proper inspection of all works which are being carried out by means of a loan, and for ascertaining and securing that the loan is duly applied to the work for which it has been made, and that, when the work for which a loan has been granted is completed, any unexpended balance of such loan is not employed otherwise than in accordance with Rule 12-A.”

After Rule 12, the following Rule shall be added, namely :—

“12-A.—If on the completion of the work for which a loan has been taken, the Local Government is satisfied that the whole of the loan has not been spent on the work, it shall direct that the unexpended balance be forthwith repaid to Government and the principal of the debt be reduced by an equivalent amount. The Local Government may direct such variation as it may consider necessary on this account in the instalments fixed for the liquidation of the loan.”

KRISHNAGAR COLLEGE, the 18th May 1912.

NOTICE.**THE GOVERNMENT COMMERCIAL INSTITUTE.****SESSION 1912-13.****303, Bowbazar Street, Calcutta.***The Day Course.*

THERE are two day classes—a first-year class and a second-year class. For the students of these classes the following course of study is prescribed :—

- (1) Modern English, and especially English Correspondence, including Commercial Correspondence, Letter-drafting and Précis-writing.
- (2) Arithmetic, including Commercial and Mental Arithmetic.
- (3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.
- (4) One of the following subjects, namely, Book-keeping, Shorthand writing or Type-writing.
- (5) Commercial Geography.

Arrangements are made to enable those students who may wish to do so to study two or all of the following subjects, namely, Book-keeping, Shorthand-writing or Type-writing.

The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

The classes are held between 11 A.M. and 3 P.M., except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of type-writing are allowed to stay later for extra practice.

Candidates who have passed the "C" class examination of high schools or the Entrance examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test-examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

The Evening Course.

There are at present evening classes for the following subjects :—

Shorthand-writing, Type-writing and Book-keeping (elementary and advanced). If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Banking and Currency, Mercantile Law and Modern English.

A student may be a member of one or more classes at his option.

The students of the Banking and Currency class will study the Mechanism of Banking, Instruments of Credit, Banking Investments, Bank Book-keeping, the Bank Charter Act, the Foreign Exchanges, Currency and Coinage and the Indian Currency System.

The students of the Shorthand-writing class will practise Reporting.

The Type-writing class will be divided into three groups. The students of the first group will be taught the "touch" system and, when they have learned it, they will practise speed. This group will work daily from 4 to 6. The students of the other two groups will already have learned the "touch" system. They will work daily from 6 to 7 and from 7 to 8.

The students of the Elementary Book-keeping class will be taught how to keep the Invoice and Day-books, the Bill-books and the Cash-book, the Journal and the Ledger. They will be taught to record transactions in connection with consignments, outwards and inwards, to close the books and to prepare Trading and Profit and Loss Accounts and Balance sheets.

The students of the Advanced Book-keeping class will be taught to keep the accounts of "joint adventures" of limited liability companies, banks and manufacturing concerns, of railways, gas and water companies. They will be taught the different ways of recording capital, debenture loans and reserve funds; to keep departmental ledgers and branch accounts, and to

incorporate them in head office books; and to prepare Trading and Profit and Loss Accounts and Balance Sheets.

The students of the Banking and Currency, Political Economy, Annuities and Insurance, Mercantile Law and Modern English classes pay fees according to the number of lectures delivered. The fee for each of the Shorthand and Type-writing classes is Rs. 12, payable in four instalments of Rs. 3 each, for the term July to November, and Rs. 16, payable in four instalments of Rs. 4 each, for the term December to mid-April. The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each; that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes.

Prizes.

First and second prizes of Rs. 50 and Rs. 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects:—

Modern English, Shorthand, Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance and Political Economy.

Certificates are granted to successful candidates in the Final and Special Examinations by the Education Department, Government of Bengal, and countersigned by the Secretary, Bengal Chamber of Commerce.

Successful candidates in the Final Examination are declared eligible by the Government to appear along with the Graduates and the Intermediates for the Bengal Government Secretariat Clerkship Examination, the syllabus for which is nearly identical with the syllabus prescribed for the Commercial Course Final Examination. Lists of successful students are circulated by the Bengal Chamber of Commerce to various firms and the steadily increasing demand for passed students now exceeds the supply.

The new session will open on the 2nd July 1912. Applications for admission will now be received. Prospectus may be had from the Principal.

G. K. SEN, *Offg. Principal.*

NOTICE.

RAJSHAHI COLLEGE, the 12th June 1912.

NOTIFICATION.

TEST EXAMINATION OF PRIVATE CANDIDATES FOR MATRICULATION EXAMINATION, 1913.

A TEST EXAMINATION of private students, who have not attended any school recognised or unrecognised for at least one year previous to the ensuing examination, will be held at the office of the Inspector of Schools, Presidency Division, 285, Bow Bazar Street, Calcutta, from Monday, the 2nd December 1912. Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination. The term "Private Student" includes school-masters.

2. Candidates will be required to furnish satisfactory proof that they have not read in any school for one year. They should produce certificates of conduct and progress in studies from the authorities of the last school where they read, and also a certificate from other reliable authorities regarding conduct and progress in studies after leaving school. The transfer certificates granted to them by the authorities of the schools in which they studied last, or the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance or the Matriculation examination, must be submitted in original along with the application for permission to appear at the test examination. A statement of antecedents of the candidate should accompany his application. He should state whether he read in any unrecognised school, and if so, in what school and in what year. A student who failed to pass the annual examination for promotion to the first class at the end of session 1911-12 and then left the school will, under no circumstances, be allowed to appear at the Matriculation examination of 1913.

3. *Bona fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination; they must produce certificates of service and character from their employers or from the Deputy Inspector of Schools of the district concerned.

4. No one shall be admitted to the Matriculation examination unless he completes the age of sixteen years on the first day of the month in which the Matriculation examination is held.

5. Each candidate should submit to this office, not later than the 6th November 1912, his application for admission to the test examination, with the following particulars:—

- (1) Age, (2) residence, (3) father's name, (4) whether he appeared at any previous Entrance or Matriculation examination, (5) second language besides English, (6) Vernacular language, and (7) which two of the following optional subjects he has taken up:—

- (a) Additional Mathematics.
- (b) Additional paper in the Classical language.
- (c) History.
- (d) Geography.
- (e) Elementary Mechanics.

6. The admission-fee for the examination is Rs. 6 for each candidate, and is to be remitted with the application on or before the prescribed date, after which a fine of Rs. 2 is to be imposed for each week's delay. Under no circumstances the admission-fee will be refunded.

7. No private student will be admitted to the test examination unless he is satisfactorily identified.

8. Candidates who are sent up by this office must appear at the Calcutta Examination centre.

9. Those who reside at a distance from Calcutta may, with special permission, present themselves at the test examination held by the head master of the nearest zilla or Government high school within the Presidency Division on condition that they appear at the centre selected by the

candidates from that institution. The head master of such school is hereby authorized to sign the applications, which must afterwards be countersigned by the undersigned. The fees and fines paid by these candidates as per paragraph 6 above should be utilized in meeting the cost of the examination.

10. The Matriculation examination in 1913 will be held on the 3rd of March 1913 and following days.

11. Applications and fees for admission to the examination must reach the office of the Registrar on or before the 18th of January 1913.

12. *Programme of Examination—*

	Morning.	Afternoon.
Monday, 2nd December ...	English Translation.	English Text and Grammar.
Tuesday, 3rd December ...	Compulsory Mathematics.	Vernacular Language.
Wednesday, 4th December	Compulsory Classical Language.	Additional Classical Language.

INTERMEDIATE AND B.A. EXAMINATIONS IN 1913.

Deputy Inspectors, Sub-Inspectors, and *bona fide* teachers of English schools in the Presidency Division who have been employed as such for at least three years preceding the examination will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. Laboratory Assistants and Demonstrators and Librarians of affiliated colleges will be treated as teachers. *Their applications must reach this office on or before the 4th December 1912:*

1. In accordance with section 9, Chapter XV, of the revised Regulations dealing with the registration of University students, all candidates, who intend to appear at any of the ensuing examinations of the University of Calcutta otherwise than as students of some affiliated institutions and who have applied for or have obtained the special permission of the Senate for the purpose, are required to apply to the Registrar of the Calcutta University for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Entrance or Matriculation. A registration fee of Rs. 2 must accompany every application.

2. Candidates for the B.A. examination must send their F.A. certificates, and candidates for the Intermediate examination their Entrance certificates, together with a letter, in original, from the Senate of the Calcutta University, permitting them to appear at the examination.

3. Candidates should carefully read the printed form of application and supply all the informations required by the University, including the Registrar's receipt in the case of those school-masters who were admitted to a previous examination of the same class.

4. The Intermediate and B.A. examinations in 1913 will be held on the 17th March 1913 and following days.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations, must be sent to the *office of the Registrar on or before the 1st of February, 1913* by the candidates direct.

Arrangements will be made for systematic courses of lectures, tutorial classes, moot courts and regular exercises. Facility will also be given to students to read in the College Library after the College hours under the supervision of the Principal or of a member of the staff.

The College fees will be Rs. 6 per month. An admission fee of Rs. 6 will be charged in the case of first admission to the College.

Sixteen scholarships of Rs. 10 a month, each tenable for one year, have been established. Five of these will be open to competition among students of the first-year class, six among the students of the second-year class and five among the students of the third-year class. The scholarships in the first-year class will be awarded towards the end of September upon the results of the College test to be held at that time; those in the second-year class will be awarded upon the results of the preliminary examination in Law, and those in the third-year class upon the results of the Intermediate Examination in Law. All these scholarships take effect retrospectively from July. Twenty scholarships of Rs. 6 a month, tenable for one year, will also be awarded from the endowment established by the Maharaja of Cossimbazar.

Two scholarships of Rs. 32 a month, each tenable for two years, have been established, to be open to competition among students who have prosecuted their studies in the University Law College not less than a year. The award will be made upon the results of the final examination in Law and on condition that the recipients do prosecute a course of study for the M.L. Examination under the direction of the Principal.

Provision has been made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 1st July 1912.

Students are recommended in all cases to take their admission before the 1st July 1912.

To the College is attached an extensive Law Library containing numerous sets of reports and text-books. The Library is divided into two sections—(A) for reference, (B) for lending. Books in section (A) may be consulted by students at any time from 9 A.M. to 6-30 P.M. Books in section (B) may be borrowed by students; no deposit is required, if one volume is borrowed. Those who deposit Rs. 5 are allowed to borrow two volumes at a time.

From the ensuing session, the College will be held in the spacious apartments of the Darbhanga Buildings just completed, and ample provision will be made for reading rooms.

During the last session, the Hon'ble the Vice-Chancellor presided over many of the moot courts. This arrangement will be continued during the ensuing session. Courses of lectures will also be delivered for the benefit of M.L. students; except by special order, no one will be admitted to these lectures who has not taken his Degree in Law from the University College.

All applications for admission are to be addressed to the Registrar, Senate House, Calcutta. Further information as also a detailed programme of the work may be obtained on application to the Librarian, University Law College, Senate House, Calcutta.

On the North—By residential house of Jadeawar Singh, value Rs. 500.

Lot No. II.—Taraful Risulpur, pargana Attea, within division, sub-registry and chanky Tangail, district Mymensingh, bearing tanzi No. 6044 in the Collectorate of Mymensingh, the annual revenue payable being Rs. 600 6 pies in the names of Pratap Chandra Singh and Sarada Prasad Singh, half share of this.

N.B.—Mauza Khaloobary within this tanzi No. 6044 was sold to the Saha defendants before the mortgage on which the decree under execution was obtained and, mauzas Bhabanipur and Bagherbary were previously mortgaged to them and about Rs. 25,000 has become due to the Sahas on the said mortgage. The half share of this lot, i.e., tanzi No. 6044, will be sold to the exclusion of mauza Khaloobary and subject to the mortgage on mauzas Bhabanipur and Bagherbary.

The judgment-debtor Bindubashiny estimates the value of her share at Rs. 70,000.

The decree-holder estimates the value subject to the above encumbrances Rs. 28,000.

Lot No. III.—Taraful Durani, pargana Kagnary within division, sub-registry and chanky Tangail, district Mymensingh, bearing tanzi No. 6027 in the Collectorate of Mymensingh, the annual revenue payable being Rs. 224-13-5 in the names of Pratap Chandra and Sarada Prasad Singh, half share of this.

The judgment-debtor Bindubashiny estimates the value of her share at Rs. 70,000.

The decree-holder estimates the value at Rs. 18,000.

N.B.—The decree-holder obtained a decree against debtor Bindubashiny on a subsequent mortgage of this lot and other properties in suit No. 484 of 1911, Sub-Judge's Court, district Murshidabad, and about Rs. 3,100 has become due to him on the mortgage decree.

[Notice under Order I, Rule 8 of the Code of Civil Procedure.]

(1) Haran Prasad Bern, (2) Nitai Chand Bhunya, shehais of the idol Sitala, plaintiffs, *versus* Jagat Chandra Bhunya, defendant.

TITLE SUIT No. 591 of 1912.

NOTICE is hereby given to the villagers of the village Bagda, pargana Mahishadal, under the jurisdiction of thana Mahishadal, in the district of Midnapore, that the abovesaid persons have brought a Title Suit No. 591 of 1912 in the Third Court of the Munsif of Tamluk for themselves and on behalf of all the villagers in general, the number of such villagers being too numerous to allow of their joining in the suit as plaintiffs, against Jagat Chandra Bhunya of the same village as defendant for enforcement of a contract which the defendant had made with the plaintiffs to execute a kobala with respect to a plot of land measuring 1 bigha and 17½ cottahs, situated in village Bagda, in favour of the plaintiffs. Any one interested in the subject-matter of the suit or having objection thereto may come as petitioner and file his objection in the said Court on or before the 10th July 1912.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

KRISHNAGAR COLLEGE, the 18th May 1912.

NOTICE.**THE GOVERNMENT COMMERCIAL INSTITUTE.****SESSION 1912-13.****303, Bowbazar Street, Calcutta.***The Day Course.*

*THERE are two day classes—a first-year class and a second-year class. For the students of these classes the following course of study is prescribed :—

- (1) Modern English, and especially English Correspondence, including Commercial Correspondence, Letter-drafting and Précis-writing.
- (2) Arithmetic, including Commercial and Mental Arithmetic.
- (3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.
- (4) One of the following subjects, namely, Book-keeping, Shorthand writing or Type-writing.
- (5) Commercial Geography.

Arrangements are made to enable those students who may wish to do so to study two or all of the following subjects, namely, Book-keeping, Shorthand-writing or Type-writing.

The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

The classes are held between 11 A.M. and 3 P.M., except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of type-writing are allowed to stay later for extra practice.

Candidates who have passed the "C" class examination of high schools or the Entrance examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test-examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

The Evening Course.

There are at present evening classes for the following subjects :—

Shorthand-writing, Type-writing and Book-keeping (elementary and advanced). If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Banking and Currency, Mercantile Law and Modern English.

A student may be a member of one or more classes at his option.

The students of the Banking and Currency class will study the Mechanism of Banking, Instruments of Credit, Banking Investments, Bank Book-keeping, the Bank Charter Act, the Foreign Exchanges, Currency and Coinage and the Indian Currency System.

The students of the Shorthand-writing class will practise Reporting.

The Type-writing class will be divided into three groups. The students of the first group will be taught the "touch" system and, when they have learned it, they will practise speed. This group will work daily from 4 to 6. The students of the other two groups will already have learned the "touch" system. They will work daily from 6 to 7 and from 7 to 8.

The students of the Elementary Book-keeping class will be taught how to keep the Invoice and Day-books, the Bill-books and the Cash-book, the Journal and the Ledger. They will be taught to record transactions in connection with consignments, outwards and inwards, to close the books and to prepare Trading and Profit and Loss Accounts and Balance sheets.

The students of the Advanced Book-keeping class will be taught to keep the accounts of "joint adventures," of limited liability companies, banks and manufacturing concerns, of railways, gas and water companies. They will be taught the different ways of recording capital, debenture loans and reserve funds; to keep departmental ledgers and branch accounts, and to

incorporate them in head office books; and to prepare Trading and Profit and Loss Accounts and Balance Sheets.

The students of the Banking and Currency, Political Economy, Annuities and Insurance, Mercantile Law and Modern English classes pay fees according to the number of lectures delivered. The fee for each of the Shorthand and Type-writing classes is Rs. 12, payable in four instalments of Rs. 3 each, for the term July to November, and Rs. 16, payable in four instalments of Rs. 4 each, for the term December to mid-April. The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each; that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes.

Prizes.

First and second prizes of Rs. 50 and Rs. 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects:—

Modern English, Shorthand, Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance and Political Economy.

Certificates are granted to successful candidates in the Final and Special Examinations by the Education Department, Government of Bengal, and countersigned by the Secretary, Bengal Chamber of Commerce.

Successful candidates in the Final Examination are declared eligible by the Government to appear along with the Graduates and the Intermediates for the Bengal Government Secretariat Clerkship Examination, the syllabus for which is nearly identical with the syllabus prescribed for the Commercial Course Final Examination. Lists of successful students are circulated by the Bengal Chamber of Commerce to various firms and the steadily increasing demand for passed students now exceeds the supply.

The new session will open on the 2nd July 1912. Applications for admission will now be received. Prospectus may be had from the Principal.

REVISED PROSPECTUS OF THE TRAINING COLLEGE, DACCA.

1. *Admission*.—The Training College in Dacca was opened on the 5th July 1910. It is affiliated to the Calcutta University in teaching up to the B.T. and L.T. standards. The College is intended to give training to existing teachers in Government, Board and Aided Secondary (mainly High) schools and to Inspectors. It will also receive candidates for appointment in Secondary schools and in Inspecting posts.

2. Arrangements have been made to receive the following numbers and kinds of students:—

GRADUATES.

Government School teachers	10
Inspecting officers	5
Teachers of Aided or Board schools	5
Candidates for employment	4
				—
				24
				—

F.A.'S OR THOSE WHO HAVE PASSED THE INTERMEDIATE EXAMINATION IN ARTS OR SCIENCE.

Government School teachers	15
Inspecting officers	5
Teachers of Aided or Board schools	5
Candidates for employment	6
				—
				31
				—

3. Applications for admission should reach the Principal of the College not later than the end of May each year and should be in the form of Appendix A. In the case of teachers of Government, Aided and Board schools, the applications should be submitted through the school authority, and in all cases through the Divisional Inspector of Schools.

4. *Qualifications for admission*.—A candidate for admission must satisfy the following conditions:—

- (a) If a candidate for the Bachelor of Teaching he must have passed B.A. or B.Sc. examination of the Calcutta University or other University recognised for the purpose, or if a candidate for the Licentiate in Teaching the Intermediate examination in Arts or Science of that University or other University recognised for the purpose. (F.A. is recognised as Intermediate for this purpose.)
- (b) He must, in the case of a new candidate, be not more than 30 years of age, and in the case of a Government servant or a teacher in an Aided or Board school not more than 35 years of age. Successful candidates will not ordinarily be admitted to Government service if they exceed 25 years of age.
- (c) He must satisfy the authorities through whom his application passes that he is a fit candidate for training.

5. *Allowance and Stipends*.—In the case of all candidates admitted to the College either a maintenance allowance or a stipend will be given as follows:—

- (a) In the case of Government servants an allowance equivalent to full salary will be granted during the period of training, but in no case as a matter of right.
- (b) In the case of teachers of Aided or Board schools an allowance equivalent to full pay, not exceeding Rs. 50 a month, will be given by Government during the period of training, provided the School Committees or Boards pay the *locum tenens* not less than three quarters of the pay of the teacher under training. Government will deduct from the grants to the Aided schools concerned one-quarter of the pay of the teachers deputed for training from these schools. In the case of a Board school teacher, the Board concerned will pay direct into the Treasury to the credit of Government one-quarter of his pay every month till the teacher remains under training and forward a copy of the Treasury chalan to the Principal of the Training College for record.

(c) In the case of new candidates a stipend of Rs. 20 will be given to a graduate and of Rs. 15 to one who has passed the Intermediate Examination in Arts or Science.

(d) Travelling allowance not exceeding the actual expenses incurred will be allowed (i) to Government servants for journeys to and from the College on joining and leaving it at the beginning and termination of the period of training and for journeys to and from home for one vacation only in a session, (ii) to teachers of Aided and Board schools for journeys to and from the College on joining and leaving it at the beginning and termination of the period of training and for a journey home for one vacation only in a session, and (iii) to new candidates for journey from the College to where they came from on leaving at the termination of the period of training.

6. *Fees*.—No fees will be charged for tuition.

7. *Agreement*.—Every student (other than a Government servant) admitted to the College shall sign an agreement to serve for two years in a Government or an Aided or Board school or in an inspecting post under Government, if and when on the completion of his training such a post be offered him. The order conveying such an offer will be made by an Inspector of Schools or by the Director of Public Instruction. The pay offered to one who has successfully passed the examination for the Degree of Bachelor of Teaching will be not less than Rs. 50, while that offered to one who has successfully passed the examination for a Licentiate in Teaching will be not less than Rs. 30. No student (other than a Government servant) will be admitted to the College under any circumstances who have not executed such an agreement. Forms of agreement as in Appendix B may be obtained from the offices of the Inspectors of Schools.

8. *Future employment*.—Five appointments under Government will be annually reserved for students who, being new candidates, enter the College and successfully complete their course.—two for graduates in class VII and three for under-graduates in class VIII of the Subordinate Educational Service.

9. *Courses of study*.—The course of study will be those laid down in Chapters XXXIX and XL of the Regulations of the Calcutta University for the Licentiate in Teaching and for the Bachelor of Teaching, together with physical instruction, which will be obligatory in all save exceptional cases. The course will be of two years' length for candidates for the Licentiate in Teaching and of one year's length for those for the Bachelorship of Teaching.

10. *Examinations*.—The examinations closing the courses will be as laid down in Chapters XXXIX and XL of the Regulations of the University. There will also be a departmental test in physical instruction, the passing of which will, save in exceptional cases, be considered obligatory. An optional test in drawing will be given.

11. *Hostel accommodation*.—Hostel accommodation is provided for forty students. Approximately half of this accommodation will be reserved for Hindus and half for Muhammadans. The hostels are furnished with bedsteads with curtain poles, chairs, tables, waste paper baskets and clothes pens. A small rental is charged for the use of the furniture, the housing being free. Students will have to conform to the hostel rules. Special permission must be obtained from the Principal before a student is at liberty to live outside the Training College hostels.

12. *Aim of the courses*.—As regards the intention with which these courses have been framed, the following quotation is made from paragraph 27 of the Government of India (Home Department) Resolution No. 600, dated the 11th August 1906:—

"It may be anticipated that these two examinations in teaching will serve a useful purpose and will become very popular. After a sufficient number of persons have passed them, it may be advisable for the University to rule that no school will be permitted to prepare candidates for the Matriculation Examination which has not on its staff one or more certificated teachers. Such teachers will doubtless be in great demand, and it may confidently be expected that they will regard education in the light of a serious profession to which they may properly devote their lives."

G. W. KÜCHLER.

Director of Public Instruction, Bengal.

FORM OF AGREEMENT.

(APPENDIX B TO PROSPECTUS OF THE TRAINING COLLEGE, DACCA.)

Additions to Storm Signal Code.

No. 336 (first publication).—The Coast Inspector, Shanghai, has given Notice (No. 530 of 1912) that from the 15th June 1912 the signals indicating the direction in which a typhoon is travelling or from which a gale may be expected will be indicated, within the two nearest points of the compass, by means of the following signals additional to those given in the Storm Signal Code (Third issue):—

The Director of Sikawei Observatory notifies that, notwithstanding this arrangement, such indications must be considered as approximate, *i.e.*, they should be taken as indicating only the *most probable* direction.

The following new signals are also added:—

Forming.

Splitting in two.

Exceptional intensity.

This Notice refers to the Storm Signal Stations of the Maritime Customs at Newchwang, Taku, Chefoo, Chinkiang, Woosung, Gutzlaff, Pagoda Anchorage, Amoy and Swatow.

No. 3776.—The 15th July 1912.—The following Notification of the Government of India is published for general information and guidance:—

No. 259, dated Simla, the 14th June 1912.

NOTIFICATION—By the Govt. of India, Dept. of Education.

THE Governor-General in Council is pleased to direct that the following shall be substituted for Rule 9 in Part I of the Ecclesiastical Rules published with the Home Department Notification No. 465, dated the 6th November 1909:—

Rule 9.—Where there is a resident Chaplain, he is responsible for the arrangements for digging a grave and for the preparation of a coffin. Should he find or anticipate difficulty in making private arrangements for digging a grave and preparing a coffin, he should apply, in Military stations, to the senior Military Officer, and in Civil stations, to the Chief Local Magistrate, to make the necessary arrangements, and these officers are authorised to direct any Local Public Works Officer to do all that is necessary. The Local Public Works Officer will usually be the Assistant Commanding Royal Engineer in Military stations and the Civil Executive Engineer in Civil stations; but the senior Military Officer in a Military station and the Chief Local Magistrate in a Civil station may, in cases of emergency, direct the Civil Executive Engineer or the Assistant Commanding Royal Engineer, respectively, to make the necessary arrangements. The resident Chaplain is in all such cases responsible that timely notice is given to the Government Officers who may be called upon to arrange for digging a grave and preparing a coffin.

The senior Military Officer in a Military station and the Chief Local Magistrate in a Civil station may, should the resident Chaplain report that private arrangements for digging graves and preparing coffins are not feasible, issue a general order on the Assistant Commanding Royal Engineer and the Civil Executive Engineer, respectively, to dig graves and prepare coffins upon the requisition of the Resident Chaplain. The expenditure incurred by the Executive Engineer will be held in his miscellaneous advance account till repaid by the officer under whose special or general order it was incurred.

During the absence of the resident Chaplain from the station, the senior Military Officer in a Military station and the Chief Local Magistrate in a Civil station shall be responsible for the arrangements for digging graves and preparing coffins.

NOTE.—The expenses incurred in connection with the burial of paupers who die within cantonment limits will be defrayed from cantonment funds under the authority of section 29 (1) (f) of the Cantonment Code. In the case of paupers who die out of cantonment limits, the expenses will be defrayed by the Magistrate of the district.

Maddox, C.S.I., I.C.S., resigned.

No. 3771.—The 15th July 1912.—The following revised rules for the appointment of Sub-Registrars in the Registration Department are published for general information, in supersession of those published under General Department Notification No. 733T.—G., dated the 4th June 1908, at page 1079 of Part I of the *Calcutta Gazette* of the 10th idem, and of so much of the rules published by the Government of Eastern Bengal and Assam in Notification No. 1728 G., dated the 8th May 1907, at pages 593 and 594 of Part II of that Government Gazette of the 11th idem, as relate to the appointment of Probationers and Sub-Registrars.

J. H. KERR,

Secretary to the Govt. of Bengal.

RULES FOR APPOINTMENT IN THE REGISTRATION DEPARTMENT.

1. In the Bengal Presidency appointments to the Registration Department will be ordinarily made on the nomination of Commissioners of Divisions.

2. On the occurrence of a vacancy in any Division, the Commissioner of the Division will ordinarily be called on by Government to nominate three candidates for the vacancy.

3. Ordinarily one of these three nominees will be selected for appointment as Probationer, but the Governor in Council reserves to himself the right to appoint any other person, or to appoint any candidate to any of the grades of Sub-Registrars on special grounds, without calling for nominations from Commissioners of Divisions.

4. Candidates must ordinarily fulfil the following conditions:—

(a) they must belong to families resident within the Division in which the vacancy has occurred;

(b) They must not be over 25 years of age;

(c) (i) they must ordinarily have passed the I. A. or I. Sc. Examination of the Calcutta University or the corresponding examination of another recognized Indian University, or have qualifications declared by Government to be equivalent to passing such examinations;

or

(ii) they must have passed the Higher standard or the final examination of the Arabic Department of a recognized Madrasah, and have sufficient knowledge of English for the proper performance of the duties of a Sub-Registrar.

Commissioners are not precluded from nominating persons who have not these qualifications, but who have sufficient knowledge of English to enable them to discharge efficiently the duties of Sub-Registrar, and whose claims appear for particular reasons to deserve special consideration.

(d) They must be able to read with facility documents written in the vernacular language of the Division.

5. No list of candidates will in future be kept either in the office of the Inspector-General of Registration or in the Bengal Secretariat, and no notice will be taken of applications for appointment as Sub-Registrar addressed to those offices.

Deare, I.M.S., to be a member of the Board of management of the Albert Victor Asylum for Lepers at Gobra, *vice* Lieutenant-Colonel J. T. Calvert, I.M.S., resigned.

No. 1416Medl.—The 13th July 1912.—The following report is published for general information.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

Dated Darjeeling, the 1st April 1912.

From—LIEUT.-COL. BEN. H. DEARE, I.M.S., Superintendent, Eden Sanitarium and Hospital, Darjeeling.

To—The Secretary to the Government of Bengal, Financial and Medical Departments, Calcutta.

(Through the Inspector-General of Civil Hospitals, Bengal.)

I HAVE the honour to submit the following report on the working of the Eden Sanitarium and Hospital for the year 1911. Major R. H. Maddox, I.M.S.,

was in charge from the 1st to 13th January 1911 and Lieutenant-Colonel B. H. Deare, I.M.S., from 14th January to the end of the year.

2. The Sanitarium was opened on the 20th March 1911 and closed on the 12th November 1911.

3. The Hospital remained open throughout the year, but was not occupied during the months of January and February, and since the closing of the institution on the 12th November has been in the hands of the Public Works Department to carry out the construction of the Baker Ward and alterations to No. 5 room. Three rooms, however, were kept in readiness in the Sanitarium for any cases requiring admission during the off season. There were no cases admitted.

4. The following table shows the number of each class of patients and friends admitted into the Sanitarium and Hospital during the last six years :—

ADMISSION.	1906.	1907.	1908.	1909.	1910.	1911.
First class ...	72	65	96	104	146	56
Intermediate class ...	107	73	65	73	78	126
Second class ...	207	230	233	178	206	230
Third class ...	108	122	151	107	136	119
Total ...	494	490	545	472	566	531

The following tables show the number of patients and their relatives and friends admitted during each of the last six years together with the daily average sick :—

Patients.

YEARS	1906.	1907.	1908.	1909.	1910.	1911.

Relatives and Friends.

Total number ...	150	139	114	83	139	138
------------------	-----	-----	-----	----	-----	-----

The following table shows the total number of patients treated during the year :—

Males.	Females.	CHILDREN.		Total.	Cured.	Relieved.	Died.
		Males.	Females.				
160	155	46	32	393	379	9	5

The total number of admissions to the Sanitarium and Hospital does not fall far short of the previous year. It has been said that Darjeeling in general has been rather empty this year in comparison with former years as many houses have been "to let" which formerly were always occupied. Again, too, the falling off no doubt was due to a comparatively cool April in the plains, for up to the 17th April of this year there were only 37 admissions compared with 69 to the same date of last year.

The most noticeable feature in the foregoing figures is the wide variations in the totals of the first and intermediate class admissions, the former being 56, the lowest figure for several years past, while the latter has reached 126, the maximum yet attained. It is difficult to ascribe any definite cause for these fluctuations.

The daily average number of residents for the whole year works out to 32, though for the period the Sanitarium was opened it is 48 compared with 35 and 52 respectively for the previous year. The average stay of each resident is 22 days. The localities from which residents were admitted are given in table "D,"* Calcutta and Darjeeling heading the list as usual. But it is of interest to note that patients have been drawn from such far away places as Lahore, Delhi, Singapore, Rajmundry, Bilaspur, Tinnevely, Nagpore and Allahabad.

All residents expressed general satisfaction with the arrangements.

5. The free beds of the Medical College and Presidency General Hospitals were occupied for the greater part of the season at a cost of Rs. 672 reckoned at third class rates.

The Superintendent's free-bed was availed of in seven cases at a cost of Rs. 284. The names of persons who received the benefits of the free-beds are given in table "C."*

During the year under report 19 patients were treated in "free-beds" as against 19 in the previous year. The Children's Ministering League of Darjeeling provided accommodation for seven children and two children received the benefits of the Theo Beryl Cot: that is nine children were treated in these "free beds" as against five in the previous year 1910.

6. Donations and subscriptions amounting to Rs. 445-10 were received during the year from the following sources:—

			Rs.	A.
The Manager, Tukvar Co., Ltd.	100	0
Messrs. Hamilton & Co.	25	0
„ Mackintosh Burn & Co.	25	0
The General Manager, D.-H. Railway	100	0
Messrs. R. Knight & Sons	25	0
„ Rauken & Co.	25	0
„ Cooke & Kelvey	25	0
„ T. E. Thomson & Co.	25	0
Collections for Hospital	Father Peal, S.J.	...	32	0
on Sunday	The Chaplain of Darjeel-	...	73	10
(Miscellaneous receipt)	ing.			

Total ... 445 10

The total expenditure on free beds amounts to Rs. 956, whereas donations and subscriptions amount to Rs. 445-10, leaving a balance of Rs. 500-6, to be met from other sources.

7. The rule whereby European Government servants on receipt of Rs. 400 or less can obtain first class accommodation, etc., by paying intermediate class rates was not availed of in a single case.

No advantage was taken of the rule, granting a reduction in the rates to European assistants in Commercial firms, Banks, etc., who are annual subscribers.

8. The diseases for which patients were admitted are shown in table A.*

(1) There were ten cases of enteric fever compared with eight during the year 1910. Of these four developed symptoms of the disease within three weeks of their arrival in the station, one was admitted from a neighbouring tea garden 17 miles from Darjeeling, while the remaining five were children from one of the schools at West Point. It is satisfactory to note that all recovered though several cases were of a serious type.

(2) There were 8 cases of malarial fever compared with 11 during the previous year. They call for no special comment.

(3) There were 69 operations performed during the year against 39 in 1910. There have not been so many during a season for several years past; some of which were of an important character.

It has been brought to notice that the number of operations had been steadily decreasing since 1906, and that this might possibly be attributed to payments being made for such operations (*vide* Inspector-General of Civil Hospitals, Bengal's No. 972D., dated 5th June 1911). In view of the satisfactory increase this season it is probable that payments for operations only influence the number in a very small degree, if at all.

(4) There were 17 confinements and 2 cases of induction of abortion during the year against 19 confinements during 1910. There has been a steady increase in this branch of the work during the past three years, and several applicants from the plains were declined during the season as nurses were not available.

(5) There were five deaths during the year against six the previous year. The causes were:—one acute miliary tuberculosis, one septicæmia, one after total pan-hysterectomy for carcinoma of uterus, one from acute suppression of urine following operation for suppurating appendicitis, and one from sloughing appendicitis with peritonitis. The death-rate has been the lowest for several years.

9. *Income and expenditure.*—For details see table "F."* The total income in 1911 amounted to Rs. 48,784-11-3 as compared with Rs. 55,668-3-6 in the previous year.

The daily cost of diet for inmates not including the staff was Re. 1-8-9 as compared with Re. 1-10-6 the year before.

The accounts were audited by Messrs. Lovelock and Lewes, whose letter* giving result of audit and statements showing the financial position are attached.

10. *General remarks.*—Military Assistant Surgeon W. J. Marshall was Resident Medical Officer from 1st January to 6th November 1911. He gave great satisfaction, is professionally very sound, works well, is tactful, and the Committee are sorry to lose his services. He won the gratitude of all inmates by his care and kindness. I am indebted to him for much valuable assistance.

Military Assistant Surgeon H. L. O. Fleming took over the duties of Resident Medical Officer on the 7th November 1911. Has only just joined after the season, and remarks cannot be therefore made.

Mr. H. Richardson has fully upheld his good reputation, and has not only done his legitimate duties excellently, but has thrown himself enthusiastically in all movements for increasing the popularity of the institution.

Babu Sidheswar Dey was appointed Accountant from the 1st January 1911. Although a new man has worked well and hard and has given satisfaction. Should be a very valuable accountant.

The nursing arrangements and linen were under the supervision of two of the Clewer Sisters from Calcutta. I am much indebted to them for their valuable assistance. Sister Pauline very kindly took charge of the Library, which has been much improved.

The new plan of making a small charge for the use of the Library has proved a great success: the subscription has been paid readily. The books can now be easily kept in good repair and new ones have been added. Owing to some kind gifts new book-cases have been made without expense to the General Fund.

The Library financial statement is given herewith:—

The customary annual repairs to the buildings were carried out during the closed season under the supervision of the Public Works Department. The present shingled roof, which has been on since the building was constructed in 1883, will sooner or later require to be replaced by corrugated iron.

The leaks were a constant source of annoyance to residents, and the Public Works Department authorities were frequently requisitioned to remedy the defects, but in spite of all their endeavours practically no improvement was effected. The Committee have been in communication with the Public Works Department on the subject, and the Superintendent Engineer informed that the cost will be Rs. 10,000 and will be an original work for which funds will have to be provided. The Committee are not in a financial position to meet such an outlay—however necessary the need may be—and our only hope is that Government, which has so generously aided us in the past, will see its way to help in this matter.

The Lieutenant-Governor of Bengal, at his visit to the institution in May, made a grant of Rs. 5,000 for certain alterations and improvements which are now being carried out by the Public Works Department as follows:—

- (1) Improvements to the meat and vegetable larders by providing stone and marble shelves and Indian patent stone flooring. (b) Providing a new glazed earthenware sink in the kitchen and demolishing the present washing-up place which has always been most difficult to keep neat and clean.
- (2) Removal of the hot-water-shed and apparatus to a new site more remote from the building and consequently less disturbing to the residents by the clattering of tins and chopping of wood.
- (3) Removal of the servants' latrine from its present position to a more convenient site. This will obviate the difficulties now encountered by servants using the hillside instead of the latrine where it now stands.
- (4) Improvements to No. 5 room of the Hospital by reflooring it with teakwood and fitting the walls to a height of 5 feet with glass minton tiles, the remaining portion of the walls being done with "Paripan."
- (5) Provision of electric lights to the Resident Medical officer and Steward's quarters, also constructing an additional bathroom for the Steward's quarters.

Regarding the Baker Memorial Ward, referred to in the report for 1910, it was not found feasible to construct an additional room to the ground floor of the hospital for want of sufficient space and without in some way or other interfering with the light and ventilation of other rooms or spoiling the symmetry of the building. Several suggestions were made, but after due consideration it was finally resolved to take up the present sterilizing room and a portion of the operation room, which is unnecessarily large, for the Baker Ward and to reconstruct the sterilizing room over the dressing rooms to the west of the building. These rooms will be ready for occupation when the institution re-opens.

The equipment for the Baker Ward will be supplied from private sources, the Hon'ble Lieutenant-Colonel G. Grant-Gordon, C.I.E., having presented a surgical bed, while Mrs. Peter West, widow of the late Mr. Peter West, has endowed a bed for the use of patients and presented a bed, invalid furniture and such other necessities as may be required for the comfort of the sick.

The late Mr. John White, of Darjeeling, bequeathed the sum of Rs. 20,000 for the benefit of necessitous patients. A scheme is in course of preparation for carrying out the wishes of the donor. This money has been paid in by the executors, and the improvements carried out by this bequest will be fully dealt with in the next report.

A new kitchen range was purchased for Rs. 800.

The east bank of the Sanitarium grounds facing the station presented an unsightly appearance. The Municipality very kindly revetted the lower part of the bank, and the hillside was then evenly sloped, turfed and planted with ornamental shrubs by the Darjeeling Improvement Fund. Our thanks are due to Mr. Cave, Curator, Botanical Gardens, for taking this in hand.

MARINE DEPARTMENT.

The 16th July 1912.

No. 87 Marine.—In exercise of the power conferred by section 10 of the Bengal Smoke-nuisances Act, 1905, the Governor in Council, with the previous sanction of the Governor-General in Council, is pleased to substitute the following for rule 23 of the rules, published under this Department Notification No. 73 Marine, dated the 27th August 1907 :—

RULE 23.

(1) Smoke of the scales of density Nos. 1, 2 and 3, as determined in accordance with rule 21, may be emitted from furnaces for any time.

(2) Smoke of the scales of density Nos. 4 and 5, as determined in accordance with the said rule, may be emitted from furnaces for the times prescribed in respect of each such scale in the following table.

(3) Smoke of density varying from the scale of density No. 4 to the scale of density No. 5 may be emitted for times rateably reduced in accordance with the explanation to this rule, and not in excess of the times entered in column 5 of the table, provided that smoke of the scale of density No. 5 shall in no case be emitted for times in excess of those entered in column 3.

(4) Smoke of the scale of density No. 6, as determined in accordance with rule 21, is entirely prohibited, and may not be emitted from any furnace.

Table of limits of smoke.

1		2	3	4	5
		IN THE CASE OF DENSITY, SCALE 6.	IN THE CASE OF DENSITY, SCALE 5.	IN THE CASE OF DENSITY, SCALE 4.	IN THE CASE OF DENSITIES, SCALES 5 AND 4 TOGETHER.
SMOKE MAY BE EMITTED FROM A CHIMNEY SERVING		For minutes per hour.	For minutes per hour.	For minutes per hour.	For minutes per hour (rateably reduced in accordance with the explanation below).
1 or 2	furnaces	2	3	2·21
3 or 4	"	3	4	3·13
5 or 6	"	4	5	4·05
7, 8 or 9	"	5	6	4·97
10 or more	"	6	7	5·89

Explanation.—For the purposes of sub-clause (3) of this rule, the time during which smoke of the scale of densities Nos. 4 and 5 is emitted shall be reduced, in the case of smoke of the scale of density No. 4, in the ratio of 0·37 to 1, and in the case of smoke of the scale of density No. 5 in the ratio of 0·55 to 1.

Example.

Smoke of density, scale 5, may be emitted from a chimney serving ten furnaces for six minutes per hour, and of density, scale 4, for seven minutes. The total time during which smoke of these densities may therefore be emitted is, when rateably reduced, $6 \times 0·55 + 7 \times 0·37$ or 5·89 minutes per hour.

A. G. HALLIFAX, *Commissioner*.

COMMR.'S OFFICE, BURDWAN DIVN., CHINSURA, *the 6th Jul, 1912.*

DRAFT BYE-LAWS FOR THE DISTRICT BOARD OF HOOGHLY UNDER SECTIONS 139 AND 140 OF THE BENGAL LOCAL SELF-GOVERNMENT ACT OF 1885 (BEN ACT III OF 1885) ON THE LINES OF THE MODEL ONES FRAMED BY GOVERNMENT.

Definitions.

1. In these bye-laws, unless there is anything repugnant in the subject or context,—

(1) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1871;

(2) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public

notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, *khal* or other channel, so set apart; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well," or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition; and

(3) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well; and

(4) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board or a Union Committee; and includes—

(a) a village road;

(b) the slope, berm, borrow-pits and side-drains of a road; and

(c) all land vested in, or under the control and administration of, the District Board or a Local Board or a Union Committee, and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road.

2. (1) No person shall encroach on any part of a road by cultivating crops or planting trees thereon.

(2) No person shall, on any road, by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

(a) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, make or cause any encroachment, or

(b) obstruct traffic, or

(c) cause any inconvenience to passengers, or

(d) hinder or impede the flow of water.

3. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

Sale, collecting or gathering of articles in vicinity of road.

4. Any person in possession of, or having control over, any plants, trees ^{Cutting of plants, trees or hedges obstructing road or drain.} or hedges which obstruct, overhang, or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, cut down, prune or trim such plants, trees or hedges, within the period, and in the manner, prescribed in such notice.

5. (1) No person shall destroy or damage, or cause to be destroyed or ^{Damage to bridges, culverts or causeways on road.} damaged, any bridge, culvert or causeway, built on or across any road.

(2) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(3) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

6. No person shall—

(a) destroy or damage, or cause to be destroyed or damaged, any fence ^{Damage to fences, posts, soil, turf or grass on road.} or post erected on any road; or

(b) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

7. (1) No person shall cut a channel, or convey water by a channel, ^{Channel across road.} across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such manner as he may prescribe.

(2) Any person who has been permitted by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(3) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

8. No person shall obstruct any waterway adjoining a road, so as to ^{Obstruction of waterway adjoining road.} injure or tend to injure the road or otherwise to render the road impassable.

9. (1) No person shall make any excavation on any road, or any hole, ^{Excavations on or near road.} pit, tank or well within fifteen feet of any road, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer.

(2) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

10. The owner or occupier of any tank, well or other excavation on or ^{Protection of excavations on or near road.} near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Board or a Local Board.

11. No person shall pass over, or drive any animal or vehicle over, any ^{Use of roads, bridges, culverts or canals while closed to traffic.} road, bridge, culvert or canal, so as to injure the same while it is under construction or repair or is affected by flood or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or a Local Board, or (in emergent cases pending application to such Chairman) of the District Engineer.

12. No person shall, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, ^{Discharge of rainfall from roof to road.} or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

13. No person shall allow the water of any privy, or any matter ^{Flow of filth on to road.} offensive or deleterious to health, to flow on any road.

14. Any person owning or possessing a tree or a house, wall or other erection which has fallen, or part of which has fallen, on to a road, shall, if so required by notice in writing signed by the Chairman or Vice-Chairman of the District Board or a Local Board or by the District Engineer, remove such tree, house, wall, erection or part, within the period prescribed in such notice.

Removal of trees or erections falling on to road.

Curing hides on or near road.

Slaughter of animals, cleaning of carcasses, etc., on or near road.

Placing or burning of bodies on road.

18. No person shall steep any jute, hemp, bamboos, hides or other offensive matter in any drain, pit or excavation.

Flying kite on road.

20. (1) Any person driving a vehicle along a road and meeting another vehicle shall keep on the left or near side of the road, so as to allow sufficient room for the other vehicle to pass.

(2) No person driving a vehicle along a road and overtaking another vehicle shall attempt to pass the latter vehicle otherwise than on the right or offside of the road.

21. No person shall prevent any other person from passing along a road, or shall otherwise interrupt the free use of a road.

Freedom of roads.

22. (1) No person in charge of, or having control over, any animal used for riding or draught shall allow such animal to stand or wander on any road without a rider or driver.

Care of animals on road.

(2) No person in charge of, or having control over, any cattle shall allow such cattle to stray or lie on any road so as to cause inconvenience or danger to any person travelling on the road.

(3) No person shall tether any cattle on, or within reach of, a road, or stall cattle or allow cattle to graze on a road.

23. Every person owning, riding, driving or in charge of any elephant or camel proceeding on a road, must see that such elephant or camel is provided with a bell, and with a light also if such animal is proceeding on a road after nightfall.

Elephants and camels on road to have bell.

Taking elephants over road, embankment, bridge or culvert.

24. No person driving or in charge of an elephant shall—

(a) cause material injury to a road or to an embankment vested in the District Board or a Local Board, by taking the elephant over the same, or

(b) take the elephant over a bridge or culvert vested in the District Board or a Local Board, unless the same be constructed of arched masonry.

25. Every driver of an elephant or camel shall, on being so required by the rider or driver of a horse, remove such elephant or camel with reasonable promptitude to a sufficient distance from the road, to allow such horse to pass safely along the road.

There are at present evening classes for the following subjects :—

Shorthand-writing, Type-writing and Book-keeping (elementary and advanced). If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Banking and Currency, Mercantile Law and Modern English.

A student may be a member of one or more classes at his option.

The students of the Banking and Currency class will study the Mechanism of Banking, Instruments of Credit, Banking Investments, Bank Book-keeping, the Bank Charter Act, the Foreign Exchanges, Currency and Coinage and the Indian Currency System.

The students of the Shorthand-writing class will practise Reporting.

The Type-writing class will be divided into three groups. The students of the first group will be taught the "touch" system and, when they have learned it, they will practise speed. This group will work daily from 4 to 6. The students of the other two groups will already have learned the "touch" system. They will work daily from 6 to 7 and from 7 to 8.

The students of the Elementary Book-keeping class will be taught how to keep the Invoice and Day-books, the Bill-books and the Cash-book, the Journal and the Ledger. They will be taught to record transactions in connection with consignments, outwards and inwards, to close the books and to prepare Trading and Profit and Loss Accounts and Balance sheets.

The students of the Advanced Book-keeping class will be taught to keep the accounts of "joint adventures," of limited liability companies, banks and manufacturing concerns, of railways, gas and water companies. They will be taught the different ways of recording capital, debenture loans and reserve funds; to keep departmental ledgers and branch accounts, and to

incorporate them in head office books; and to prepare Trading and Profit and Loss Accounts and Balance Sheets.

The students of the Banking and Currency, Political Economy, Annuities and Insurance, Mercantile Law and Modern English classes pay fees according to the number of lectures delivered. The fee for each of the Shorthand and Type-writing classes is Rs. 12, payable in four instalments of Rs. 3 each, for the term July to November, and Rs. 16, payable in four instalments of Rs. 4 each, for the term December to mid-April. The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each; that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes.

Prizes.

First and second prizes of Rs. 50 and Rs. 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects:—

Modern English, Shorthand, Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance and Political Economy.

Certificates are granted to successful candidates in the Final and Special Examinations by the Education Department, Government of Bengal, and countersigned by the Secretary, Bengal Chamber of Commerce.

Successful candidates in the Final Examination are declared eligible by the Government to appear along with the Graduates and the Intermediates for the Bengal Government Secretariat Clerkship Examination, the syllabus for which is nearly identical with the syllabus prescribed for the Commercial Course Final Examination. Lists of successful students are circulated by the Bengal Chamber of Commerce to various firms and the steadily increasing demand for passed students now exceeds the supply.

The new session will open on the 2nd July 1912. Applications for admission will now be received. Prospectus may be had from the Principal.

DACCA DIVISION.

Rules for the admission of Private Candidates to the University Matriculation Examination, 1913.

1. A student who has not attended any school, recognised or unrecognised, for at least one year previous to the examination will be treated as a private candidate.

2. Private candidates desirous of sitting at the ensuing University Matriculation Examination must appear at the test examination of one of the undermentioned schools to be held on the 2nd December 1912 and following days:—

- | | |
|-----------------------------|---------------------------|
| 1. Dacca Collegiate School. | 3. Faridpur Zilla School. |
| 2. Mymensingh Zilla School. | 4. Barisal Zilla School. |

3. Every private candidate must submit his application for admission to the test examination on or before the 1st November 1912 to the Head Master of one of the schools named above where he intends to appear, producing a certificate from a respectable gentleman to the effect (1) that he has not attended any school, recognised or unrecognised, for at least one year previous to the examination, (2) that his conduct and character have been good, (3) that he has diligently and regularly prosecuted his studies and has been subjected to proper discipline.

4. He should also forward with his application his transfer certificate from the school (if any) in which he last read, or the Registrar's receipt (if he appeared at any previous Entrance Examination) or a certificate from

a respectable person with personal knowledge of the facts of the case that he has never been to any school.

5. No one will be admitted to the test examination unless he shall produce satisfactory evidence that he will have completed the age of sixteen years on the third day of March 1913. For the purpose of this rule the age as recorded in a Transfer Certificate from a recognised school or in the Registrar's receipt (in case of those who appeared at any previous examination) will be accepted. Those who have never read in any school must produce either their horoscope or an affidavit sworn by their parents or guardians before a competent Magistrate declaring their age.

6. Every private candidate shall state in his application his name, father's name, date of birth, residence, postal address and the following particulars:—

1. Whether he appeared at the Entrance Examination in any previous year.
2. Language in which (besides English) he is to be examined.
3. Vernacular language for composition.
4. Vernacular language from which translation is to be made into English in the first English paper.
5. Which of the following subjects taken up—
 - (a) Additional Mathematics.
 - (b) Additional paper in classical language.
 - (c) History.
 - (d) Geography.
 - (e) Elementary Mechanics.

7. Every private candidate must pay a fee of Rs. 2 to the Head Master of the school at which he appears for examination. After payment of the necessary expenses the balance of the fees will be paid to the examiners as remuneration.

8. On the date of examination, he must be accompanied, for the purpose of identification, by some person known to the officer conducting the examination, otherwise he will not be admitted to the test examination.

9. The Head Masters of the schools named above should send to this office for orders a statement in duplicate showing the marks gained by each private candidate in each subject at the test examination within a fortnight from the date of the said examination. The application forms of candidates who are declared eligible should be forwarded to this office for countersignature duly filled in and signed and accompanied by the documentary evidence referred to in paragraphs 3, 4 and 5.

10. Private candidates should arrange to remit their examination fees, together with the countersigned application forms, direct to the Registrar, so as to reach him on or before the 18th January 1913. The fee payable by each candidate for the examination is Rs. 12.

11. The Matriculation Examination for 1913 will be held on the 3rd March and the following days.

Advertisement of sale.

APPENDIX XXIII.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Kankurgachi Chord Line, Eastern Bengal State Railway, in the district of 24-Parganas, will be put up to sale at 12 o'clock on Monday, the 2nd September 1912, corresponding with the 17th Bhadra 1319 B.S., at Alipore.

The purchasers of the several plots of land will be subject to the following conditions :—

- 1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the Railway boundary, or plough the land nearer than 3 feet from the same.
- 2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.
- 3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.
- 4th.—The plots of land will be sold revenue-free to the highest bidders.
- 5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Additions to Storm Signal Code.

No. 336 (second publication).—The Coast Inspector, Shanghai, has given Notice (No. 530 of 1912) that from the 15th June 1912 the signals indicating the direction in which a typhoon is travelling or from which a gale may be expected will be indicated, within the two nearest points of the compass, by means of the following signals additional to those given in the Storm Signal Code (Third issue):—

The Director of Sikawei Observatory notifies that, notwithstanding this arrangement, such indications must be considered as approximate, *i.e.*, they should be taken as indicating only the *most probable* direction.

The following new signals are also added:—

This Notice refers to the Storm Signal Stations of the Maritime Customs at Newchwang, Taku, Chefoo, Chinkiang, Woosung, Gutzlaff, Pagoda Anchorage, Amoy and Swatow.

The new direction signals as given above will also be used at the Municipal Storm Signal Station at Shanghai.

lascars or other native seamen was prescribed in Finance and Commerce Department Resolution No. 1096S.R., dated the 25th February 1903, and has since then been modified in certain particulars by the Resolutions noted in the margin.

2. It was recently suggested by the Government of Bengal that the form of agreement should be revised so as to bring it into conformity, as far as possible, with the form prescribed by the Board of Trade. This suggestion was accepted by the Government of India after consultation with the other maritime Local Governments concerned. The form has accordingly been revised and brought up to date, and the Governor-General in Council is pleased to direct, under section 27 (1) of the Indian Merchant Shipping Act, 1883 (V of 1883), and in supersession of all previous orders on the subject, that agreements between masters of ships and lascars or other native seamen shall in future be drawn up in the form annexed to this Resolution.

Ordered, that a copy of the Resolution be forwarded to the Government of ¹/₅ Bengal with reference to the letter from that Government, No. 2838 Marine, dated the 2nd December 1911.

* Any Erasure, Interlineation, or Alteration in this Agreement will be void unless made with the consent of the persons interested, and attested by some Superintendent of a Mercantile Marine Office, or Consular or Colonial Officer.

n Agreement for Foreign-going and Home-trade Ships employing Lascars or other Native Seamen and others, made pursuant to Acts passed by the Governor-General of India in Council, and numbered No. I of 1859, and the Indian Merchant Shipping Act, V of 1883, between the master of the Ship of the Port of , and of the burden of Tons, and the several persons whose names are set hereto on behalf of themselves and others, shipped on board the said ship within the territories under the Government of India.

Sanctioned by the Governor-General of India in Council.

AGREEMENT AND ACCOUNT OF CREW.

Name of Ship.	Official number.	Port of Registry.	Port number and date of Register.	Registered Tonnage.		Nominal Horse-power of Engines (if any).
				Gross.	Net.	
REGISTERED MANAGING OWNER OR MANAGER.						
Name.	Address. (State No. of House, Street, and town.)			No. of Seamen for whom accommodation is certified.		FOR PARTICULARS AS TO LOAD LINE, SEE PAGE 2.

The several persons whose names are hereto subscribed, and whose descriptions are contained herein, and of whom are engaged as Sailors, hereby agree to serve on board the said Ship, or any other vessel to which they may be legally transferred, in the several capacities expressed against their respective names, on a voyage from to any other ports or places within the limits of 60 degrees North and 60 degrees South Latitude, trading to and fro as the nature of the service or employment may require, for any period not exceeding months, and finally to be discharged at the said months from the date of this agreement.

And it is also agreed that*

Provided always that—

- save under special agreements voluntarily undertaken, the said crew shall not be bound to serve on a voyage round Cape Horn; or through the Straits of Magellan; and
- during the said period, the said crew shall not serve between the first day of October in one year and the first day of March in the succeeding year—

(1) on voyages to any port in the Baltic;

- on voyages to any port on the east coast of America north of 28 degrees North Latitude, except under special agreements voluntarily undertaken by members of the said crew employed solely between decks in the Engine and Stewards Department to serve on voyages to ports on that coast between 28 degrees and 43 degrees North Latitude.

Provided further that—

in the case of any special agreement such as is mentioned in clause (b) of the above proviso, it shall be taken to be a term of such agreement that the seamen who become parties thereto shall be supplied, at the expense of the master, with due and sufficient clothing for the intended voyage, and that proper provisions shall be made by the Master for the efficient heating of their quarters.

And the said crew agree to conduct themselves in an orderly, faithful, honest, and sober manner, and to be at all times diligent in their respective duties, and to be obedient to the lawful commands of the said Master or of any person who shall lawfully succeed him, and of their superior officers, in everything relating to the said ship, stores, and cargo thereof, whether on board, in boats, or on shore; in consideration of which services to be duly performed, the said Master hereby agrees to pay to the said crew, as wages, the sums against their names respectively expressed, and to supply them with provisions not less than the annexed scale under Section 24 (1) of the Indian Merchant Shipping Act, V of 1883. And it is hereby agreed that any embezzlement, or wilful or negligent destruction of a part of the ship's cargo or stores, shall be made good to the owner out of the wages of the person guilty of the same; and if any person enters himself as qualified for a duty which he proves incompetent to perform, his wages shall be reduced in proportion to his incompetency.

And the said crew jointly and severally agree that in case any contraband goods be found on board, and a fine be imposed by the Customs authorities in respect of the same, the amount of such fine shall be recoverable from the wages of the owners or owner of the goods; but if the Master be not satisfied as to whom the goods belong, such fine shall, at the discretion of the Master, be recoverable rateably according to the rates of their wages, either from that portion of the crew belonging to the department in which contraband goods shall have been discovered, or from the whole crew.

It is also agreed that the regulations for maintaining discipline sanctioned by the Government as printed herein and numbered* are adopted by the parties hereto, and shall be considered as embodied in this agreement; and it is also agreed that if any member of the crew considers himself to be aggrieved by any breach of the agreement or otherwise, he shall represent the same to the Master or Officer in charge of the ship in a quiet and orderly manner, who shall thereupon take such steps as the case may require.

And it is also agreed that should any surgeon, thral, lawar, or stoker be found removing or causing to be removed, or disposing of, whether by sale or otherwise, any stores or provisions that have been issued to himself or any portion of the crew during the voyage, he shall be subject to a fine of ten days' pay for the first, and twenty days' pay for any subsequent offence.

Here insert any agreement regarding warm clothing entered into under Section 27 (2) of the Indian Merchant Shipping Act, 1883.

I hereby certify that the within named seamen have made their marks or signatures with their own hands, and that they fully understand the terms of this Agreement.

Shipping Master.

In witness whereof the said Parties have subscribed their Names herein on the days mentioned against their respective signatures.

(c) Here insert the name of the port of shipment or any other port in British India that may be agreed on.

Additional stipulation which must be entered into and signed by the crew in the event of an agreement of the nature specified by Section 125 of the Merchant Shipping Act, 1894:—

And the said crew agree on arrival at any port in the United Kingdom to enter into a further agreement, approved in the manner prescribed in Section 125 (3) of the Merchant Shipping Act, 1894, to serve as seamen in any ship which may happen to be at any port in the United Kingdom and to be bound to any port in British India, provided that, in the case of transfer from a ship in one port to a ship in another port, the crew shall not suffer any loss of wages, nor shall they be called upon to pay the cost of conveyance or other expenses incidental to such transfer.

Additional stipulation which must be entered into and signed either by the owner of the vessel, or by the master in his behalf:—

I hereby further agree that, in the event of discharge at a port not in British India and not in the United Kingdom, if the employment offered to the said lascars or other natives whose names are subscribed on the other side of this sheet is in a ship sailing from a port in the United Kingdom, or in the event of a transfer from a vessel at the port of arrival in the United Kingdom to a vessel at any other port in the said United Kingdom, then in either of those cases I will provide and pay in advance to the said lascars or other natives the charges to which they may be put on account of the journey to such port, and their wages for the time during which they may be in transit, and make good to them any loss or damage which they may suffer in transit, and I further agree that they shall be transferred only on the terms of an agreement approved in the manner prescribed in Section 125 (3) of the Merchant Shipping Act, 1894, and otherwise in accordance with the terms of that sub-section, and that the fee or fees for such approval shall be paid by me.

Additional stipulation which must be entered into and signed by the owner of a foreign vessel or by the Master in his behalf:—

I hereby further agree, in the event of any alteration being effected in this agreement before or after arrival at any foreign port by reason of the engagement, discharge, transfer, leaving behind, desertion or death of any lascar or other native seaman employed under this agreement or through any other cause, to report such alteration for the sanction of the resident British Consular Officer at such port, and to submit this agreement to the said Consular Officer for the purpose of having a memorandum of such alteration endorsed thereon and certified by him and to pay to the said Consular Officer the fees prescribed in this behalf by the Consular Fees (Amendment) Order in Council, 1910, or any other order for the time being in force.

REGULATIONS FOR MAINTAINING DISCIPLINE.

SANCTIONED BY GOVERNMENT IN PURSUANCE OF SECTION 27 (g) OF THE INDIAN MERCHANT SHIPPING ACT, V OF 1883.

These Regulations are distinct from, and in addition to, those contained in the Act, and are sanctioned, but not universally required by law. All or any of them may be adopted by agreement between a Master and his crew, and thereupon the offences specified in such of them as are so adopted will be legally punishable by the appropriate fines or punishments.

These regulations are all numbered, and the numbers of such of them as are adopted must be inserted in the space left for that purpose in the agreement, page 1, and the following copy of these regulations must be made to correspond with the agreement by erasing such of the regulations as are not adopted. If the agreement is made before the Superintendent of a Mercantile Marine Office, his signature or initials must be placed opposite such of the regulations as are adopted.

For the purpose of legally enforcing any of the following penalties, the same steps must be adopted as in the case of other offences punishable under the Act, that is to say, a statement of the offence must immediately, after its commission, be entered in the official log-book by the direction of the Master, and must, at the same time, be attested to be true by the signatures of the Master

and the Mate, or one of the crew; and a copy of such entry must be furnished, or the same must be read over, to the offender, before the ship reaches any port or departs from the port at which she is; and an entry that the same has been so furnished or read over, and of the reply, if any, of the offender, must be made and signed in the same manner as the entry of the offence. These entries must, upon discharge of the offender, be shown to the Superintendent of a Mercantile Marine Office before whom the offender is discharged; and if he is satisfied that the offence is proved, and that the entries have been properly made, the fine must be deducted from the offender's wages and paid over to the Superintendent.

If, in consequence of subsequent good conduct, the Master thinks fit to remit or reduce any fine upon any member of his crew which has been entered in the official log, and signifies the same to the Superintendent, the fine shall be remitted or reduced accordingly. If wages are contracted for by the voyage or by store, amount of the fines is to be ascertained in the manner in which the amount of forfeiture is ascertained in similar cases under section 92 of Act 1 of 1880.

INSTRUCTIONS TO MASTERS.

The Master of every foreign-going ship of which the crew has been engaged before a Shipping Master shall, before finally leaving India, sign and send to the nearest Shipping Master a full and accurate statement, in a form sanctioned by the Governor-General of India in Council, of every change which takes place in his crew before finally leaving India, and in default shall for each offence incur a penalty not exceeding fifty rupees; and such statement shall be admissible in evidence subject to all just exceptions.

In the case of substitutes engaged in the place of seamen who have duly signed the Agreement, and whose services are lost within twenty-four hours of the ship's putting to sea by death, desertion, or other unforeseen cause, the engagement shall, when practicable, be made before some Shipping Master duly appointed in the manner hereinbefore specified; and whenever such last-mentioned engagement cannot be so made, the Master shall, before the ship puts to sea if practicable, and if not, as soon afterwards as possible, cause the Agreement to be read over and explained to the seamen; and the seamen shall thereupon sign the same in the presence of a witness, who shall attest their signatures.

The Master of a British ship shall not leave a seaman behind at any place out of India (except where the seaman is discharged in accordance with the Merchant Shipping Act), unless he previously obtains, endorsed on the Agreement with the crew, the certificate of the proper authority stating the cause of the seaman being left behind, whether the cause be unfitness or inability to proceed to sea, desertion, or disappearance or otherwise; the presence or absence of this certificate largely determines the owner's liability for the expenses incurred should the seaman fall in distress.

Deductions for fines, forfeitures, etc., which are sought to be made from the wages of seamen, must be proved by proper entries in the Official Log Book.

Upon paying off or discharging any seaman the Master is required to enter in the Official Log Book a statement of conduct, character and qualification or a statement that he declines to give an opinion on such particulars.

Whenever a seaman or apprentice, on a voyage which is to terminate at any port in India, dies during such voyage, the Master shall take charge of all money, clothes, and effects which he leaves on board, and shall enter in the Official Log Book a statement of the amount of money and a description of the effects left by the deceased, and in case of a sale of such effects, the sum received for each article sold.

The Master shall, within forty-eight hours after his arrival at his port of destination in India, deliver any such effects as aforesaid, and pay any money which he has taken charge of or received, and also the wages due to deceased, to the Shipping Master at such port, and shall give to such Shipping Master an account of the effects, money and wages so to be delivered and paid, and no deductions claimed in such account shall be allowed unless verified, if there is an Official Log Book, by the entry therein hereinbefore required, and also by such other vouchers (if any) as may be reasonably required by the Shipping Master, to whom the account is rendered.

If the Master fails to take such charge of the money or other effects of a seaman or apprentice dying during a voyage, or to make such entries in respect thereof, or to make such payment or delivery, or to give such account as hereinbefore respectively directed, he shall be accountable for the money, wages and effects of the seaman or apprentice to the Shipping Master as aforesaid, and shall pay and deliver the same accordingly; and such Master shall in addition incur a penalty not exceeding treble the value of the money or effects, or if such value is not ascertained, not exceeding five hundred rupees. All money, wages and effects of any seaman or apprentice dying during a voyage shall be recoverable in the same Courts and by the same modes of proceeding by which seamen are hereby enabled to recover wages due to them.

LAWS REGULATING THE TRANSFER OF LASCARS FROM ONE SHIP TO ANOTHER.*Section 29 of Act V of 1885.*

1. Whenever it is agreed that the service of any lascar or other native seaman shall end at any port not in British India, the agreement shall, in addition to the particulars specified in section twenty-seven, contain a stipulation that fit employment shall be provided for him on board some other ship bound to the port at which he was shipped or such other port in British India as may be agreed on, or that a passage shall be provided for him to some port in British India free of charge or on such other terms as may be agreed on.

2. Every such stipulation shall be signed by the Owner of the ship or by the Master on his behalf.

3. In this section the word "seaman" shall include also any native of British India carried to sea from any port in British India as one of the crew of a ship.

*Section 125 of the English Merchant Shipping Act of 1894.**Agreements with lascars.*

125. (1) The Master or Owner of any ship or his Agent may enter into an agreement with a lascar or any native of India, binding him to proceed either as a seaman or a passenger—

Engagement of seaman.

(a) to any port in the United Kingdom, and there to enter into a further agreement to serve as a seaman in any ship which may happen to be to there, and to be bound to any port in British India; or

(b) to any port in the Australian Colonies, and there to enter into a further agreement to serve as a seaman in any ship which may happen to be there, and to be bound to the United Kingdom or to any other part of His Majesty's dominions.

(2) The original agreement shall be made in such form and contain such provisions, and be executed in such manner and contain such conditions for securing the return of the lascar or native to his own country and for other purposes, as the Governor-General of India in Council or the Governor in Council of any Indian Presidency in which the agreement is made may direct.

(3) Where any lascar or native bound by the original agreement is, on arriving in the United Kingdom or one of the said colonies, as the case may be, required to enter into such further agreement as aforesaid, some officer appointed for the purpose in the United Kingdom by a Secretary of State in Council of India, or in any such colony by the Governor of the colony, may, on the payment of such fee not exceeding ten shillings, as a Secretary of State in Council of India or the Governor may direct, certify—

(a) that the further agreement is a proper agreement in all respects for the lascar or native to make, and is in accordance with the original agreement, and

(b) that the ship to which the further agreement relates is in all respects a proper ship for the lascar or native to serve in and also where the ship is in one of the said Australian colonies, that it is properly supplied with provisions; and

(c) that there is not, in his opinion, any objection to the full performance of the original agreement;

and thereupon the lascar or native shall be deemed to be engaged under the further agreement and to be for all purposes one of the crew of the ship to which it relates, and the lascar or native shall, notwithstanding a refusal to enter into the further agreement, be liable to the same consequences, and be dealt with in all respects in the same manner, as if he had voluntarily entered into the same.

(4) The Master of every ship arriving at a port in the United Kingdom, which has or during any part of her voyage has had on board lascars or any native of India either as one of her crew or otherwise shall exhibit to the officer of customs, or to such person as the Board of Trade may authorise in that behalf, a statement containing a list and description of all lascars or natives of India, who are, or have been, on board, and an account of what has become of any lascar or native of India who at any time during the voyage has been, but is not the on board, and the ship shall not be cleared inwards, until the statement is exhibited, and if the master fails to exhibit such statement he and the owner of the ship shall be liable jointly and severally to a fine not exceeding ten pounds for every lascar or native of India in respect of whom the failure takes place.

(5) Nothing in this section shall affect any provisions which are unrepealed of the Act of the fourth year of the reign of King George the Fourth, chapter eighty, entitled "An Act to consolidate and amend the several laws now in force with respect to trade within the limits of the charter of the East India Company and to make further provision with respect to such trade."

BYE-LAWS FOR THE DISTRICT BOARD OF BURDWAN, UNDER SECTIONS 139 AND 140 OF THE BENGAL LOCAL SELF-GOVERNMENT ACT OF 1885 (BEN. ACT III OF 1885.)

Definitions.

Definitions.

1. In these bye-laws, unless there is anything repugnant in the subject or context,—

I of 1871.

(1) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1871;

(2) "reserved tank or well" means a tank or well which the District Board has set apart under section 90

Bengal Act III of 1885.

of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes and includes any reservoir, or part of any river, *khal* or other channel, so set apart; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well" or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition; and

(3) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well; and

(4) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board or a Union Committee; and includes—

(a) a village road;

(b) the slope, berm, borrow-pits and side-drains of a road; and

(c) all land vested in, or under the control and administration of, the District Board or a Local Board or a Union Committee, and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road.

2. (1) No person shall encroach on any part of a road by cultivating crops thereon.

(2) No person shall, on any road, by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

(a) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer, make or cause any encroachment, or

(b) obstruct traffic, or

(c) cause any inconvenience to passengers, or

(d) hinder or impede the flow of water.

3. No person shall expose or place any article for sale in any bazar

Sale, collecting or gathering of articles in vicinity of road.

or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

4. Any person in possession of, or having control over, any plants, trees

Cutting of plants, trees or hedges obstructing road or drain.

or hedges which obstruct, overhang or overshadow any road, or any public drain or sluice or any drain which is connected with a public drain, shall, if so required by

notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, cut down, prune or trim such plants, trees or hedges within the period, and in the manner, prescribed in such notice.

5. (1) No person shall destroy or damage, or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road.

(2) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(3) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

6. No person shall—

(a) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road;

(b) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

7. (1) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such manner as he may prescribe.

(2) Any person who has been permitted by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(3) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

8. No person shall obstruct any waterway adjoining a road, so as to injure or tend to injure the road or otherwise to render the road impassable.

9. (1) No person shall make any excavation on any road, or any hole, pit, tank or well within fifteen feet of any road, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer.

(2) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

10. The owner or occupier of any tank, well, or other excavation on or near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Board or a Local Board.

11. No person shall pass over, or drive any animal or vehicle over, any road, bridge, culvert or canal so as to injure the same, while it is under construction or repair or is affected by flood or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or a Local Board or (in emergent cases pending application to such Chairman) of the District Engineer.

12. No person shall, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

13. No person shall allow the water of any privy, or any matter offensive, or deleterious to health, to flow on any road.

14. Any person owning or possessing a tree or a house, wall or other erection which has fallen, or part of which has fallen, on to a road shall, if so required by notice in writing signed by the Chairman or Vice-Chairman of the District Board or a Local Board or by the District Engineer,

remove such tree, house, wall, erection or part, within the period prescribed in such notice.

THERE are two day classes—a first-year class and a second-year class. For the students of these classes the following course of study is prescribed:—

- (1) Modern English, and especially English Correspondence, including Commercial Correspondence, Letter-drafting and Précis-writing.
- (2) Arithmetic, including Commercial and Mental Arithmetic.
- (3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.
- (4) One of the following subjects, namely, Book-keeping, Shorthand writing or Type-writing.
- (5) Commercial Geography.

Arrangements are made to enable those students who may wish to do so to study two or all of the following subjects, namely, Book-keeping, Shorthand-writing or Type-writing.

The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

The classes are held between 11 A.M. and 3 P.M., except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of type-writing are allowed to stay later for extra practice.

Candidates who have passed the "C" class examination of high schools or the Entrance examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test-examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

The Evening Course.

There are at present evening classes for the following subjects:—

Shorthand-writing, Type-writing and Book-keeping (elementary and advanced). If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Banking and Currency, Mercantile Law and Modern English.

A student may be a member of one or more classes at his option.

The students of the Banking and Currency class will study the Mechanism of Banking, Instruments of Credit, Banking Investments, Bank Book-keeping, the Bank Charter Act, the Foreign Exchanges, Currency and Coinage and the Indian Currency System.

The students of the Shorthand-writing class will practise Reporting.

The Type-writing class will be divided into three groups. The students of the first group will be taught the "touch" system and, when they have learned it, they will practise speed. This group will work daily from 4 to 6. The students of the other two groups will already have learned the "touch" system. They will work daily from 6 to 7 and from 7 to 8.

The students of the Elementary Book-keeping class will be taught how to keep the Invoice and Day-books, the Bill-books and the Cash-book, the Journal and the Ledger. They will be taught to record transactions in connection with consignments, outwards and inwards, to close the books and to prepare Trading and Profit and Loss Accounts and Balance sheets.

The students of the Advanced Book-keeping class will be taught to keep the accounts of "joint adventures," of limited liability companies, banks and manufacturing concerns, of railways, gas and water companies. They will be taught the different ways of recording capital, debenture loans and reserve funds; to keep departmental ledgers and branch accounts, and to incorporate them in head office books; and to prepare Trading and Profit and Loss Accounts and Balance Sheets.

The students of the Banking and Currency, Political Economy, Annuities and Insurance, Mercantile Law and Modern English classes pay fees according to the number of lectures delivered. The fee for each of the Shorthand and Type-writing classes is Rs. 12, payable in four instalments of Rs. 3 each, for the term July to November, and Rs. 16, payable in four instalments of Rs. 4 each, for the term December to mid-April. The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each; that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes.

Prizes.

First and second prizes of Rs. 50 and Rs. 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects:—

Modern English, Shorthand, Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance and Political Economy.

Certificates are granted to successful candidates in the Final and Special Examinations by the Education Department, Government of Bengal, and countersigned by the Secretary, Bengal Chamber of Commerce.

Successful candidates in the Final Examination are declared eligible by the Government to appear along with the Graduates and the Intermediates for the Bengal Government Secretariat Clerkship Examination, the syllabus for which is nearly identical with the syllabus prescribed for the Commercial Course Final Examination. Lists of successful students are circulated by the Bengal Chamber of Commerce to various firms and the steadily increasing demand for passed students now exceeds the supply.

The new session will open on the 2nd July 1912. Applications for admission will now be received. Prospectus may be had from the Principal.

DACCA DIVISION.

Rules for the admission of Private Candidates to the University Matriculation Examination, 1913.

1. A student who has not attended any school, recognised or unrecognised, for at least one year previous to the examination will be treated as a private candidate.

2. Private candidates desirous of sitting at the ensuing University Matriculation Examination must appear at the test examination of one of the undermentioned schools to be held on the 2nd December 1912 and following days:—

- | | |
|-----------------------------|---------------------------|
| 1. Dacca Collegiate School. | 3. Faridpur Zilla School. |
| 2. Mymensingh Zilla School. | 4. Barisal Zilla School. |

3. Every private candidate must submit his application for admission to the test examination on or before the 1st November 1912 to the Head Master of one of the schools named above where he intends to appear,

producing a certificate from a respectable gentleman to the effect (1) that he has not attended any school, recognised or unrecognised, for at least one year previous to the examination, (2) that his conduct and character have been good, (3) that he has diligently and regularly prosecuted his studies and has been subjected to proper discipline.

4. He should also forward with his application his transfer certificate from the school (if any) in which he last read, or the Registrar's receipt (if he appeared at any previous Entrance Examination) or a certificate from a respectable person with personal knowledge of the facts of the case that he has never been to any school.

5. No one will be admitted to the test examination unless he shall produce satisfactory evidence that he will have completed the age of sixteen years on the third day of March 1913. For the purpose of this rule the age as recorded in a Transfer Certificate from a recognised school or in the Registrar's receipt (in case of those who appeared at any previous examination) will be accepted. Those who have never read in any school must produce either their horoscope or an affidavit sworn by their parents or guardians before a competent Magistrate declaring their age.

6. Every private candidate shall state in his application his name, father's name, date of birth, residence, postal address and the following particulars:—

1. Whether he appeared at the Entrance Examination in any previous year.
2. Language in which (besides English) he is to be examined.
3. Vernacular language for composition.
4. Vernacular language from which translation is to be made into English in the first English paper.
5. Which of the following subjects taken up—
 - (a) Additional Mathematics.
 - (b) Additional paper in classical language.
 - (c) History.
 - (d) Geography.
 - (e) Elementary Mechanics.

7. Every private candidate must pay a fee of Rs. 2 to the Head Master of the school at which he appears for examination. After payment of the necessary expenses the balance of the fees will be paid to the examiners as remuneration.

8. On the date of examination, he must be accompanied, for the purpose of identification, by some person known to the officer conducting the examination, otherwise he will not be admitted to the test examination.

9. The Head Masters of the schools named above should send to this office for orders a statement in duplicate showing the marks gained by each private candidate in each subject at the test examination within a fortnight from the date of the said examination. The application forms of candidates who are declared eligible should be forwarded to this office for countersignature duly filled in and signed and accompanied by the documentary evidence referred to in paragraphs 3, 4 and 5.

10. Private candidates should arrange to remit their examination fees, together with the countersigned application forms, direct to the Registrar, so as to reach him on or before the 18th January 1913. The fee payable by each candidate for the examination is Rs. 12.

11. The Matriculation Examination for 1913 will be held on the 3rd March and the following days.

DACCA,
The 1st July 1912.

CALCUTTA UNIVERSITY.

NOTICE.

As no essays or theses were received by the University for the Jubilee Research prizes for 1910, 1911 and 1912, the Hon'ble the Vice-Chancellor and Syndicate have decided to award six Jubilee Research prizes in 1914. It is accordingly hereby announced for general information that the following subjects—three Literary and three Scientific—have been named by the Syndicate for the six Jubilee Research prizes for 1914:—

Literary subjects.

1. The history of Ancient Indian Medicine, with special reference to Vedic Ages.
2. Buddhistic Philosophy with special reference to the Madhyamika School.
3. History of prices and wages in India with special reference to Bengal.

Scientific subjects.

1. The isolation of active constituents of Chalmers and Gurjan oils.
2. The Chemistry of Nitrites.
3. The temperature variation of torsional rigidity of Nickel.

The competition for the prizes will be open to all persons who have at any time been admitted to a Degree in this University, and each prize will consist of a gold medal of the value of Rs. 150 and a sum of Rs. 350 in cash.

The theses or essays submitted for the prizes should be sent privately to the Registrar not later than the 30th of June, 1914. Every thesis must bear a motto but not the name of the candidate and must be accompanied by a sealed envelope bearing the same motto outside and containing inside the name and address of the candidate.

Every candidate is required to indicate generally in a preface to his thesis, and specially in notes, the sources from which his information is taken, the extent to which he has availed himself of the work of others and the portions of the thesis which he claims as original. He is further required to state whether his research has been conducted independently, under advice, or in co-operation with others, and in what respects his investigations appear to him to tend to the advancement of knowledge.

Every candidate will be at liberty to publish his thesis, and the thesis of every successful candidate will be published by the University. The Syndicate may also, at its discretion, publish any thesis which has been specially commended.

G. C. MOOKERJEE, *Assistant Registrar.*

SENATE HOUSE, *the 17th July 1912.*

Advertisement.

TENDERS are invited for the sale, in three separate plots described below, of the old Garden Reach thana premises known as 62, Garden Reach Road, in mauza Ramnagore, thana Garden Reach, Sub-Registration district Alipore, district 24-Parganas.

2. The tenders may be for any one or more of the plots and should state clearly the price offered for the purchase of each plot required including land and buildings. The Collector does not bind himself to accept the highest or any tender.

3. Tenders should be accompanied by a sum of Rs. 100 in Government Promissory note or in cash as security which will be forfeited in case the tender be accepted and the money offered be not paid in full within 15 days from the date of acceptance. In that case the property will be put up to sale at the risk of the defaulting purchaser on a fixed date which will be duly advertised.

4. All expenses for the conveyance of the property will be borne by the successful tenderer.

5. Amount deposited as security will be refunded to the persons whose tenders are not accepted as soon as the sale is effected or the tender is rejected, whichever is earlier.

6. Tenders will be received up to the 15th August 1912 and should be submitted in a sealed cover to the address of the Collector of the 24-Parganas.

DESCRIPTION OF PLOTS.

Plot A.—It is the northern block of the entire area. It measures by estimation 3 bighas 17 cottahs 9 chitak, and 12 square feet, more or less, and is bounded on the north by Garden Reach Road, on the east by land belonging to the North-West Soap Company, on the south by a portion of land appertaining to the aforesaid premises, which is more particularly described below as plot B, and on the west by Circular Garden Reach Road. There is a two-storied building on this plot of 150 feet by 80 feet, more or less, at the north-eastern corner consisting of a big hall on the ground floor and six rooms on the first floor with three outhouses.

Plot B.—It is the middle block measuring, more or less, 2 bighas 18 cottahs 15 chitaks and 12 square feet. It is bounded on the north by a portion of land appertaining to the aforesaid premises, which is more particularly described above as plot A, on the east by the land of North West Soap Company, on the south by a portion of land appertaining to the aforesaid premises, which is more particularly described below as plot C, and on the west by Circular Garden Reach Road. There is a pucca, terraced, one-storied building with brick and stone floor measuring 63 feet by 23 feet, more or less.

Plot C.—It is the southernmost block. It measures 2 bighas 19 cottahs and 34 square feet, more or less, and is bounded on the north by a portion of land appertaining to the aforesaid premises, which is more or less particularly described above as plot B, on the east by the land belonging to the North-West Soap Company, on the south by the land of Janjuli Bulmdar, and on the west by the Circular Garden Reach Road. There are two outhouses and a small tank in this plot.

A plan of the land showing these three plots is open to inspection in the Khas Mahal office of the Collector, 24-Parganas, Alipore, daily between the hours of 11 A.M. and 5 P.M.

H. F. SANMAN, Collector, 24-Parganas.

AUSTRALIA, EAST COAST—CHANNEL INTO PORT ALMA, KEPPEL BAY.

Additional light off Chersonese Point.

*No. 357 (first publication).—*The Portmaster, Brisbane, has given Notice (No. 6 of 1912) that a black beacon from which a red light will be exhibited by night is being erected in 20 feet at L. W. S. at the edge of the shoal water off Chersonese Point, in the position now occupied by a black buoy, *i.e.*, between Kazatch Point and Port Alma Wharf. The amended directions for entering will therefore be as follows:—

By Day.—After passing Sea Hill vessels proceeding to Port Alma should keep the two white triangular leading beacons on Balaklava Island in line bearing S. 17° W. until two similar beacons on Kazatch Point come in line bearing S. 42° W.; keep these beacons in line (passing on the port hand a black buoy which marks the edge of a rocky patch off Cardigan Point) until two smaller triangular beacons erected on Eupatoria Point come in line bearing S. 58° W.; keep them in line until a red buoy on the starboard hand is abeam, then haul up for Port Alma Wharf, passing the black beacon off Chersonese Point on the port hand.

By Night.—After passing Sea Hill keep the Balaklava lights (two white lights) in line bearing S. 17° W. until the lights on Kazatch Point (red and white lights) come in line bearing S. 42° W.; keep this lead until two similar lights (red and white) on Eupatoria Point come in line bearing S. 58° W.; keep them in line until two green lights at Port Alma Wharf come in line bearing S. 39° W., haul up for them, passing on the port hand a red light exhibited from the black beacon marking the edge of the shoal water off Chersonese Point. The front green light of the wharf lead is situated on the inner downstream corner of the wharf.

All bearings are magnetic, and the bearings of the new leads must be taken as approximate until they are accurately determined.

Amount of advance.

1. (1) The maximum advance that may be made to any Society is Rs. 2,000.

(2) The amount advanced to any Society shall not exceed the amount of capital subscribed by the members.

(3) The advance shall be made in even fifties of rupees.

2. All advances to any Society shall be free of interest for three years after the date of the registration of the Society under the Co-operative Societies Act, II of 1912,

Interest on advance. and shall, subject to the provisions of rule 10 (1), bear interest at 4 *per cent. per annum* after the expiry of that period.

3. (1) A Society requiring an advance shall submit to the Registrar an application in Form A annexed to these rules.

Application for an advance.

(2) Before sanctioning any such application, the Registrar shall satisfy himself whether or not the statements therein contained are supported by the Society's accounts.

4. The Registrar may sanction the payment of advances from any treasury or sub-treasury, and shall prescribe the number of instalments of repayment and the dates on which each instalment is to be repaid:

Power to sanction advances and prescribe instalments for repayment.

Provided that, without the special sanction of the Local Government, the number of annual instalments prescribed shall not exceed twenty.

5. (1) If the Registrar sanctions an advance, his sanction shall be conveyed in an order in Form B annexed to these rules.

Order sanctioning advance.

(2) The Registrar shall send the original order to the Society, and a duplicate copy to the Accountant-General for issue of order of payment to the treasury or sub-treasury concerned.

6. (1) Payment of any advance so sanctioned shall be made to the persons authorized to receive the advance on behalf of the Society, on their producing the Registrar's order at the treasury or sub-treasury named therein, and executing an agreement in duplicate in Form C annexed to these rules :

Payment of advance.

Provided that, when application for payment is made at a sub-treasury, the Officer in charge of the sub-treasury shall forward the agreement, together with a copy of the order of sanction, to the Treasury officer of the district for scrutiny and countersignature before payment.

(2) When payment of an advance has been made, the original agreement shall be forwarded to the Registrar and a copy filed in the Revenue Department of the Collectorate.

7. The Registrar shall be responsible for watching repayments and for keeping the accounts of all these loans.

(1) When any payment of principal or interest is made to the treasury the Treasury officer shall forward to the Registrar a duplicate of the treasury *chalan*. The Treasury officer shall also forward to the Registrar, at the end of each month, a statement showing in details of Societies the amount advanced to any Society and the amount recovered from any Society, the amount of principal and interest being shown separately. The total amount advanced and recovered as shown in the statement must agree with the totals shown in the monthly *plus* and *minus* memorandum sent to the office of the Accountant-General, Bengal.

(2) The Registrar shall settle any discrepancy between the amounts shown in the monthly statement and the *chalans* received from the treasury in communication with the Treasury officer and the Societies concerned.

(3) The office of the Accountant-General, Bengal (Book Department), shall forward a half-yearly statement to the Registrar in district details of the amounts advanced and amounts recovered as recorded in that office account. The Registrar shall settle any discrepancies between the figures shown in this statement and those shown in his account in communication with the office of the Accountant-General and local officers.

8. (1) The Registrar may, if sufficient cause is shown, and if all interest due has been paid, suspend the repayment of any instalment.

Power to suspend repayment of instalment.

(2) Whenever the Registrar makes an order of suspension, he shall forthwith send a copy thereof to the Accountant-General.

(3) When an order of suspension is made in respect of any instalment, the repayment of that instalment and of all subsequent instalments shall be postponed for one instalment period.

9. If any instalment due from any Society is completely repaid more than one month before the due date, the Society shall be entitled to such reduction in the amount of any subsequent instalments as the Registrar may determine.

Reduction when instalment repaid before due date.

10. (1) If any instalment due from any Society is not fully repaid on the due date, interest at 6 per cent. *per annum*, compounded annually, shall be recoverable on the amount overdue from the date of default to the date of repayment, unless the Registrar by special order exempts the Society from this liability.

Procedure where instalment not repaid on due date.

(2) If any instalment or part of an instalment or any interest is not paid on the due date the Registrar may, if he does not take any action under rule 8 above, issue a requisition to the Collector or the Deputy Commissioner of the district to recover the amount due under section 44 of Act II of 1912.

No. 4048.—The 27th July 1912.—The following Resolution of the Government of India is republished for general information:—

J. H. KERR,

Secy. to the Govt. of Bengal.

No. 5458—5473-56, dated Simla, the 18th July 1912.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

WITH reference to the Resolution of the Government of India, No. 3284—3302-56, dated the 26th April 1912, the following papers showing that the immigration of British Indians into the Argentine Republic is not regarded with favour by the Republican authorities, are published for general information. Intending emigrants are again warned of the risk they incur in proceeding to that country.

Translation of a letter from the Director-General of Immigration, Buenos Aires, dated the 29th January 1912, to the Acting British Consul.

I have the pleasure to acknowledge the receipt of your letter in which you ask me to allow 59 Hindoos, who came by the S.S. *Savoia*, to enter the Immigrants' Hotel, and to permit them to prepare their food in accordance with their religious rites.

In reply, I have to inform you that, in respect to such Asiatic immigration, the National Constitution in Article 35 (*sic*) provides that the State should encourage European immigration, and in conformity with this article, the Immigration Law was drawn up, which is at present in force, and which only grants facilities to immigration from Europe.

A short time ago Dr. de la Plaza, the Vice-President of the Nation, received a letter from the Punjab (India) asking what facilities were accorded to Hindoos who desired to come to the Republic. The Vice-President was good enough to send the letter on to me, and I answered it by quoting the above-mentioned article of the Constitution, which is very explicit as to the kind of immigration which the Republic should encourage. Dr. de la Plaza, whose legal attainments and thorough knowledge of the Constitution are known to everybody, approved the answer given to the enquirer, and this approval, in view of the high position which he occupies, reflects the opinion of the Government in this matter.

Dr. Lobos, at that time Minister of Agriculture, also gave his approval to the answer, which is doubtless also in accordance with the views of Dr. Mujica, the present Minister.

For these reasons this Directorate regrets that it is impossible to extend the benefits of the Immigration Law to the said Hindoos.

Letter from the Minister of Agriculture, dated the 1st February 1912, to the Minister for Foreign Affairs and Public Worship, Buenos Aires.

In reply to Your Excellency's request, I have the pleasure to inform you that the 59 Sikhs (natives of British India) who arrived on the 28th instant by the S.S. *Savoia* have been landed, and are at present, according to the report of the Directorate of Immigration, at San Martin, in the province of Buenos Aires.

Had it not been for this circumstance, the Ministry under my charge, desires of deferring to the request put forward by the British Minister, would have ordered the admission of those passengers to the Immigrants' Hotel, but nevertheless putting on record that such order did not constitute a precedent.

The observations contained in the note addressed to Your Excellency by the British Minister cannot, in the opinion of this Department, be accepted by the Argentine Government in view of the considerations which I will briefly place before Your Excellency.

Our Immigration Law is but the regulations based on the Article of the Constitution which charges the Federal Government with the duty of fostering European immigration. The provisions of the said law must, therefore, be interpreted in conjunction with the fundamental injunction upon which they were based, the more so when that injunction concerns questions of vital importance connected with the future of our national population.

The Immigrants' Hotel was established as one of the various measures for protecting and encouraging immigration, as not only is the immigrant lodged and fed therein during a stated period, but he is afforded all information which can be of use to him, work is endeavoured to be found for him, and even after he has left the establishment his questions are answered. It is evident therefore that that institution is intended for European immigration, the only kind which is to be fostered according to the constitutional injunction.

On the other hand, in the Immigration Law itself provisions exist, amongst others those of articles 4 and 18, which are in agreement with the reasons set forth above, as they refer exclusively to European places or ports as the only points, outside the American continent, which can provide the Republic with immigration susceptible of being fostered.

Farther, the European immigrants, in order to enjoy the right of being admitted into the Immigrants' Hotel, must "give sufficient proof of good conduct and fitness for some industry, art, or useful work" (Article 14 of the quoted law).

It appears to me, Senor Ministro, to be unnecessary to expatiate at length on reasons tending to show the right of the Argentine Government to limit its protection and assistance to such immigration as, in their opinion, may serve the interests of the Republic. Such a right, from its very nature, is not open to discussion.

With regard to the provisions of Article II of the Treaty of Friendship, Commerce and Navigation between Great Britain and the United Provinces of the River Plate, it is evident that it is not relative to the case which gave rise to the present communication. At no moment has there been any idea on the part of this Ministry to impede the entry of the natives of British India into our territory who arrived by the S.S. *Savonia*.

Solely for the above reasons have I thought fit not to authorise their stay at the Immigrants' Hotel, which, as I have said before, is intended for that immigration which is encouraged by the Argentine Government.

Ordered that a copy of the above Resolution be forwarded to all Local Governments and Administrations, for information and such action as may be considered necessary, and to the Home and Foreign Departments, for information.

Ordered also that a copy be published in the *Gazette of India* for general information.

DECLARATION

No. 4036.—The 27th July 1912.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Mundalpur siding as extends eastwards to a mile 126 furlongs 3 feet 220, such land being edged with pink on the plan L. A. M. A. No. 192, and whereas certain mines are situate under the said land, and whereas the Mundalpur Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as the S. 10p. 1 seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 54c of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Mundalpur Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for the siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure

or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Mundalpur Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

- (a) Galleries not exceeding 8 feet in height by 14 feet in width may be driven at distances apart not less than 55 feet, centre to centre, forming pillars not less than 41 feet square, to be left unworked for the support of the acquired land.
- (b) Manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rule made under the Indian Mines Act, 1901.
- (c) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines in India without delay.
- (d) These restrictions apply to the Shibpur seam only and to the area edged with pink on the plan, and the Mundalpur Coal Company, Limited, shall give notice, under section 4 of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under this area or to work coal under any other area of acquired land;

and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L A M A No. 192 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

NOTICE.**THE GOVERNMENT COMMERCIAL INSTITUTE.****SESSION 1912-13.****303, Bowbazar Street, Calcutta.***The Day Course.*

THERE are two day classes—a first-year class and a second-year class. For the students of these classes the following course of study is prescribed:—

- (1) Modern English, and especially English Correspondence, including Commercial Correspondence, Letter-drafting and Précis-writing.
- (2) Arithmetic, including Commercial and Mental Arithmetic.
- (3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.
- (4) One of the following subjects, namely, Book-keeping, Shorthand writing or Type-writing.
- (5) Commercial Geography.

Arrangements are made to enable those students who may wish to do so to study two or all of the following subjects, namely, Book-keeping, Shorthand-writing or Type-writing.

The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

The classes are held between 11 A.M. and 3 P.M., except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of type-writing are allowed to stay later for extra practice.

Candidates who have passed the "C" class examination of high schools or the Entrance examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test-examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

The Evening Course.

There are at present evening classes for the following subjects:—

Shorthand-writing, Type-writing and Book-keeping (elementary and advanced). If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Banking and Currency, Mercantile Law and Modern English.

A student may be a member of one or more classes at his option.

The students of the Banking and Currency class will study the Mechanism of Banking, Instruments of Credit, Banking Investments, Bank Book-keeping, the Bank Charter Act, the Foreign Exchanges, Currency and Coinage and the Indian Currency System.

The students of the Shorthand-writing class will practise Reporting.

The Type-writing class will be divided into three groups. The students of the first group will be taught the "touch" system and, when they have learned it, they will practise speed. This group will work daily from 4 to 6. The students of the other two groups will already have learned the "touch" system. They will work daily from 6 to 7 and from 7 to 8.

The students of the Elementary Book-keeping class will be taught how to keep the Invoice and Day-books, the Bill-books and the Cash-book, the Journal and the Ledger. They will be taught to record transactions in connection with consignments, outwards and inwards, to close the books and to prepare Trading and Profit and Loss Accounts and Balance sheets.

The students of the Advanced Book-keeping class will be taught to keep the accounts of "joint adventures." of limited liability companies, banks and manufacturing concerns, of railways, gas and water companies. They will be taught the different ways of recording capital, debenture loans and reserve funds; to keep departmental ledgers and branch accounts, and to incorporate them in head office books; and to prepare Trading and Profit and Loss Accounts and Balance Sheets.

The students of the Banking and Currency, Political Economy, Annuities and Insurance, Mercantile Law and Modern English classes pay fees according to the number of lectures delivered. The fee for each of the Shorthand and Type-writing classes is Rs. 12, payable in four instalments of Rs. 3 each, for the term July to November, and Rs. 16, payable in four instalments of Rs. 4 each, for the term December to mid-April. The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each; that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes.

Prizes.

First and second prizes of Rs. 50 and Rs. 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects:—

Modern English, Shorthand, Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance and Political Economy.

Certificates are granted to successful candidates in the Final and Special Examinations by the Education Department, Government of Bengal, and countersigned by the Secretary, Bengal Chamber of Commerce.

Successful candidates in the Final Examination are declared eligible by the Government to appear along with the Graduates and the Intermediates for the Bengal Government Secretariat Clerkship Examination, the syllabus for which is nearly identical with the syllabus prescribed for the Commercial Course Final Examination. Lists of successful students are circulated by the Bengal Chamber of Commerce to various firms and the steadily increasing demand for passed students now exceeds the supply.

The new session will open on the 2nd July 1912. Applications for admission will now be received. Prospectus may be had from the Principal.

AUSTRALIA, EAST COAST—CHANNEL INTO PORT ALMA, KEPPEL BAY.

Additional light off Chersonese Point.

No. 357 (second publication).—The Portmaster, Brisbane, has given Notice (No. 6 of 1912) that a black beacon from which a red light will be exhibited by night is being erected in 20 feet at L. W. S. at the edge of the shoal water off Chersonese Point, in the position now occupied by a black buoy, *i.e.*, between Kazatch Point and Port Alma Wharf. The amended directions for entering will therefore be as follows:—

By Day.—After passing Sea Hill vessels proceeding to Port Alma should keep the two white triangular leading beacons on Balaklava Island in line bearing S. 17° W. until two similar beacons on Kazatch Point come in line bearing S. 42° W.; keep these beacons in line (passing on the port hand a black buoy which marks the edge of a rocky patch off Cardigan Point) until two smaller triangular beacons erected on Eupatoria Point come in line bearing S. 58° W.; keep them in line until a red buoy on the starboard hand is abeam, then haul up for Port Alma Wharf, passing the black beacon off Chersonese Point on the port hand.

By Night.—After passing Sea Hill keep the Balaklava lights (two white lights) in line bearing S. 17° W. until the lights on Kazatch Point (red and white lights) come in line bearing S. 42° W.; keep this lead until two similar lights (red and white) on Eupatoria Point come in line bearing S. 58° W.; keep them in line until two green lights at Port Alma Wharf come in line bearing S. 39° W., haul up for them, passing on the port hand a red light exhibited from the black beacon marking the edge of the shoal water off Chersonese Point. The front green light of the wharf lead is situated on the inner downstream corner of the wharf.

All bearings are magnetic, and the bearings of the new leads must be taken as approximate until they are accurately determined.

RESOLUTION ON THE ANNUAL REPORT ON EMIGRATION FROM THE PORT OF CALCUTTA TO BRITISH AND FOREIGN COLONIES DURING THE YEAR 1911.

GENERAL DEPARTMENT—EMIGRATION.

Calcutta, the 6th July 1912.

RESOLUTION No. 3557.

READ—

The Annual Report on Emigration from the Port of Calcutta to British and Foreign Colonies during the year 1911.

The most important event of the year was the prohibition of emigration to Natal by a notification issued by the Government of India under section 5 of Act XVII of 1908, as amended by Act XIV of 1910. Among other questions which arose during the year may be mentioned the amendment of the rules relating to the survey of emigrant vessels, the treatment of emigrants suffering from anchylostomiasis (a disease due to an intestinal

parasite, which had been found prevalent among immigrants to British Guiana), and the limitation of the fees charged on the release of registered emigrants before embarkation.

2. As in the previous year, there were five emigration agencies in Calcutta, all of which worked on behalf of the British Colonies. The total number of labourers requisitioned in 1911 was 9,706 as against 12,153 in 1910. The number supplied was 8,861 as against 8,340. No requisition was received from Mauritius. Though the supply did not fall so far short of the demand as it did in the previous year, there was some difficulty in securing recruits, which is attributed to good harvests, the increase in the local demand for labour in recruiting districts, and the competition of garden sardars recruiting for the tea gardens of Assam.

3. The number of licenses issued to recruiters in 1911 was 724 as compared with 658 in 1910: 22 licenses were cancelled during the year. Operations were conducted in Bengal, Bihar, the United Provinces, Ajmere, and the Punjab, but no recruitments were made this year in the Central Provinces: 72 per cent. of the emigrants registered came from the United Provinces.

4. The total number of emigrants registered was 12,716, being almost the same number as last year: 1,152 were rejected as unfit, 52 deserted, and 78 were released from their engagements. The deductions on these accounts give a percentage of 11.61 as against 14.91 in the previous year. Five per cent. of the persons who actually embarked were returned emigrants who volunteered for registration. The largest number of emigrants—2,242—went to Trinidad, followed by Fiji with 2,233, and Demerara with 2,120: 1,656 emigrants left for Natal during the year before emigration to that Colony was stopped.

5. The Governor in Council has read with pleasure the satisfactory account given by the Medical Inspector of the sanitary conditions of the depôts at Garden Reach. The efficiency of the arrangements is further shown by a decrease in the percentages both of sickness and of death. The former shows a decrease from 9.45 to 7.43 per cent. and the latter a decrease from .67 to .31 per cent. A new segregation hospital for the open-air treatment of cerebro-spinal meningitis was opened in the British Guiana Emigration Dépôt during the year, and the results so far achieved are encouraging. The system is to be given a year's trial. The figures in respect of this disease show a decrease from 96 cases with 49 deaths in 1910 to 29 cases with 17 deaths in 1911. Cerebro-spinal meningitis still continues to account for the largest number of deaths in the depôts.

6. Four thousand three hundred and fifty emigrants left the Colonies during the year, bringing with them aggregate savings to the extent of Rs. 6,80,032. The average savings brought back is Rs. 156-5-3 per head as compared with Rs. 152-14-10 in 1910. Remittances to India by resident immigrants in Natal again showed a large excess over all the Colonies, the nearest approach to Natal's (Rs. 10,00,000) being the Seychelles with a little over a lakh. It is probable, however, that the Natal figures include remittances by traders and other Indian immigrants, who are not labourers.

7. Three hundred and ninety-two estates of deceased emigrants, valued at Rs. 31,156, were administered by Government during the year. Of these, the heirs of 202 have been traced, 74 lapsed to the Indian and Colonial Governments, and the cases of the rest were under inquiry at the end of the year.

The emigration accounts closed with a surplus balance of Rs. 2,856.

8. During the absence of Dr. Banks on six months' leave the post of Protector of Emigrants was held by Dr. W. C. Hossack. The thanks of the Governor in Council are due to both these officers for the efficient manner in which they carried out their duties.

By order of the Governor of Bengal in Council,

J. H. KERR,
Secy. to the Govt. of Bengal.

**RESOLUTION ON THE ANNUAL REPORT ON THE WORKING
OF THE SHIPPING OFFICES AT CALCUTTA AND
CHITTAGONG FOR THE YEAR 1911-12.**

No. 1576 Marine.

GOVERNMENT OF BENGAL.

MARINE DEPARTMENT.

Dated Calcutta, the 4th July 1912.

RESOLUTION.

**Annual Report on the Working of the Shipping Offices
at Calcutta and Chittagong for the year 1911-12.**

READ—

Letter from the Shipping Master, Calcutta, No. 215 S., dated the 8th May 1912.

Letter from the Commissioner of the Chittagong Division No. 3117 G., dated the 16th May 1912.

The receipts of the Shipping Office, Calcutta, during the year 1911-12, amounted to Rs. 1,05,571 against Rs. 95,802 in the previous year. The increase was chiefly due to the sale of discharge and cookery certificates and to larger receipts on account of shipping, discharging and overtime fees and sale of forms.

2. The expenditure during the year was Rs. 62,475, as compared with Rs. 57,463 in the preceding year. The increase was mainly due to higher overtime charges and the cost of forms and stationery. The increase in the cost of forms is due to a greater demand for them in connection with the engagement of seamen.

3. The receipts of the funds held in trust by the Shipping Master, Calcutta, during the year amounted to Rs. 48,753. This, together with the opening balance of Rs. 14,414, raised the total under this head to Rs. 63,167. The disbursements amounted to Rs. 44,109, leaving a balance of Rs. 17,549, a sum of Rs. 1,509 having lapsed to the State.

4. The statement below shows the number of seamen shipped and discharged under European and Indian articles at the Shipping Offices, Calcutta and Kidderpore, during the year 1911-12, as compared with the year 1910-11 :—

	1910-11.	1911-12.	Increase.	Decrease.
Shipped—				
European articles ...	948	780	168
Indian „ ...	42,887	46,632	3,745
Discharged—				
European articles ...	922	870	52
Indian „ ...	38,461	40,384	1,923

5. The number of Eurasian seamen shipped during the year under European and Indian articles is 66 and 349, respectively, there being an increase of 7 and 105 over the figures of the previous year.

6. The number of cookery certificates issued to native seamen during the year was 25 as compared with 36 in the previous year.

Cookery certificates.

Seamen shipped by Foreign Consuls.

7. The number of seamen shipped and discharged during the year by Foreign Consuls was 107 and 119, respectively.

8. One hundred and thirty-one seamen were repatriated during the year under the Distressed Seamen's Regulations, against 132 in the previous year.

Repatriation of seamen.

9. The sum remitted by European seamen to their relatives was Rs. 5,595, as compared with Rs. 7,747-8 in the preceding year.

Seamen's money orders.

10. There was only one complaint relating to the supply of bad food-stuff, and this, on examination, was found to be well grounded. The condemned articles were disposed of under the orders of the Port Health Officer.

Complaints.

11. The receipts of the Chittagong Shipping Office amounted to Rs. 1,004 and the expenditure, to Rs. 708, against Rs. 923 and Rs. 712, respectively, in the preceding year. The increase in the receipts is mainly due to larger receipts on account of discharging fees.

Shipping Office, Chittagong.
Financial result.

12. The receipts of the Trust Funds during the year stood at Rs. 59,766. The opening balance was Rs. 116. Thus the total amount at credit of the Funds amounted to Rs. 59,882, against which there were payments to the amount of Rs. 59,822, leaving a balance of Rs. 60.

Trust Funds.

13. The number of seamen shipped and discharged was 162 and 843, against 191 and 706, respectively, in the previous year.

Seamen shipped and discharged.

14. No remittances were made to the United Kingdom by means of seamen's money order.

Secretary.

**FORMATION OF TWO DISTRICTS OUT OF THE AREA
COMPRISED WITHIN THE PRESENT DISTRICT OF
MYMENSINGH.**

RESOLUTION—No. 4346P.

POLITICAL.

Dated Calcutta, The 8th July 1912.

READ—

Resolution of the late Government of Eastern Bengal and Assam, No. 209 R., dated the 28th January 1908, published in the Eastern Bengal and Assam Gazette of the 29th idem, inviting criticisms on a proposal to divide the district of Mymensingh into two.

Read also—

The opinions expressed on the proposal by the Commissioner of the Dacca Division, the Magistrate of Mymensingh, as well as by a number of others, both officials and non-officials.

In January 1908, the late Government of Eastern Bengal and Assam, with the concurrence of the Government of India, published, in the form of a resolution, certain proposals for the formation of two districts out of the area comprised within the present district of Mymensingh and invited public criticism. The arrangement then proposed was that the district should be divided, generally speaking, by the old Brahmaputra river which traverses the central or Sadar subdivision diagonally, and that the head-quarters of both the new districts should be located at the present head-quarters town of Mymensingh, which is situated near the middle of the existing district. The eastern district would thus have had an area of 2,664 square miles with a population of 1,734,000 and the western district an area of 3,668 square miles with a population of 2,181,000.

2. The reasons which induced the Government of Eastern Bengal and Assam to put forward this scheme were, briefly, that the district was one of the largest in the whole of India in respect of both area and population, that the population of the district grew more enormous yearly, and the increasing complexity and volume of business to be performed had thrown on the district staff a burden which it was no longer capable of bearing. The district, it was explained, was notoriously unwieldy 30 years ago when the proposal to divide it was first formally made. Since then the railway which had been constructed through the district had rendered many parts of it more accessible, but the gain had been more than counterbalanced by the increase in the population which rose from 2,348,753 in 1872 to 4,526,422 in 1911, a rate of $1\frac{1}{2}$ per cent. per annum. Administrative efficiency was so seriously affected that the late Government of Eastern Bengal and Assam was convinced that a remedy had to be found without further delay. The opinions which were received in response to the proposals of that Government advanced no arguments which led in any way to an alteration of the view that the division of the district was an imperative administrative necessity, and it was clearly recognized by many of those who were consulted that such a step was inevitable.

3. Although no serious arguments were advanced by those consulted against the necessity of a partition of the district, the method of division proposed was open to several obvious objections and met with considerable opposition. It was however apparent that an alternative plan, by which the subdivisions of Jamalpur and Tangail would be formed into a new district, with a headquarters station in the neighbourhood of Pingna, or at some other place between the present subdivisional stations or even at Jamalpur itself, was likely to elicit an appreciable amount of public support and at the same time to satisfy more fully the needs of the inhabitants of those two subdivisions. A division of the district on these lines was open to the objection already pointed out in the resolution, viz., that the two new districts would be very unequal in size and population, but the late Government of Eastern Bengal and Assam recognising the weight of the opinion expressed against the original proposals and realising that many advantages attached

to the alternative scheme determined to subject the latter to further examination. The Collector of the district was accordingly asked, through the Divisional Commissioner, to make enquiries in connection with the revised scheme. He was at the same time desired to ascertain by public and private enquiry the general opinion of prominent zamindars and public men as well as of associations and public bodies existing within the subdivisions of Jamalpur and Tangail, as to the advantages and disadvantages of the scheme which might commend itself to him as the most suitable. The Collector's report, with the Commissioner's remarks thereon, was carefully considered by the late Government of Eastern Bengal and Assam, and the Lieutenant-Governor came to the conclusion that the scheme for the creation of a new district comprising the subdivisions of Tangail and Jamalpur ought to be carried out. It was observed to have the great merit of being in accordance with the geographical features of the country, since the Madhupur jungle would form a natural boundary between the two new districts, and the Lieutenant-Governor was convinced that any division of the district which ignored this great physical feature could not be otherwise than artificial and inconvenient. Such a scheme had also the additional advantage of creating one district small enough to be administered with efficiency by a single district officer while leaving it open to a future generation to create a third district by again subdividing the remainder of the Mymensingh district without disturbing the boundaries which it was now proposed to fix. Sir Charles Bayley therefore came to the conclusion that Jamalpur and Tangail should be separated and formed into a new district.

4. With regard to the headquarters of the new district, the Commissioner of the Dacca Division was requested by the late Government of Eastern Bengal and Assam to extend his enquiries with a view to the selection of a site which should be on or near the railway, or capable of being linked up with it, and which should be situated on high land, with a sufficient supply of water. Madhupur was considered and reported to be much in favour with the Tangail people, but its inaccessibility, unhealthiness and deficiency in respect of a suitable water-supply militated against its selection. The sites on the banks of the Jamuna river, viz., Sarisabari and Pingna, were put out of consideration owing to the uncertainty of the course of the river and the instability of the soil. Tangail was too far to the south and unhealthy; and for these reasons its claims were not pressed even by those most interested. On the other hand, Jamalpur was reported to be an important and growing railway centre, possessing also excellent river communication. The site was said to be good, wholesome and open, and to possess the incidental advantage that Government already owns much of the land which would be required. Being already the headquarters of a subdivision, it has several public buildings which could be utilized in the event of its selection as the headquarters of the new district.

5. After considering the relative merits of the various sites, the late Government of Eastern Bengal and Assam had no hesitation in preferring Jamalpur, and considered that the objections of the residents of Tangail subdivision would disappear if they were given railway connection with that place. The Governor in Council is anxious personally to consult public opinion on this most important question, and has therefore decided to keep the final decision in the matter in abeyance until he visits the district of Mymensingh at the end of this month. In the meantime His Excellency in Council has decided to publish this review of the case with the object of assisting public associations and private persons interested in the scheme towards forming a well reasoned opinion as to its merits, and will be glad to consider any expressions of opinion which those concerned may think fit to communicate to Government.

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette* and that it be forwarded to the Commissioner of the Dacca Division, with the request that copies, both in English and in the vernacular, may be widely circulated within the Mymensingh district.

By order of the Governor in Council,

C. J. STEVENSON-MOORE,

Chief Secretary to the Government of Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS,

For the week ending on the 8th July 1912.

Summary.—The weather during the past week has been seasonable. The harvesting of autumn rice and the transplantation of winter rice are progressing. The average price of common rice for the province has risen from Rs. 4.27 per maund to Rs. 4.31 per maund during the past week. A tendency to increase in price has been reported for several weeks past, and the prospect of a good crop does not appear to have any effect in keeping the price down. Cattle-disease is reported from Khulna, Burdwan, Bankura, Malda, Chittagong and Noakhali.

RESOLUTION ON THE SANITARY AND VACCINATION REPORTS, BENGL, FOR THE YEAR 1911.

MUNICIPAL DEPARTMENT.

SANITATION.

CALCUTTA, THE 9TH JULY 1912.

RESOLUTION No. 1428SAN.

READ—

The Report of the Sanitary Commissioner, Bengal, for the year 1911.

The annual statistical returns and short notes on Vaccination in Bengal for the year 1911-12.

Major W. W. Clemesha, I.M.S., was in charge of the Department for the whole of the year under review.

2. **Climatic conditions.**—During the months of January and February the rainfall was below the average, but in March and April it was general over the

The depression soon disappeared only to form again a few days later, heavy falls of rain being the result. In July and August the rainfall was most erratic, and, although it again became general in September and October, the monsoon rainfall was deficient everywhere except in Bihar, the deficiency this year again being most marked in Chota Nagpur.

3. **Births and deaths.**—The ratios have been calculated on the figures of the census of 1911. In most cases this had the effect of lowering them in comparison with the ratios given for the year 1910, which were calculated on the figures of 1901. It is clear that, so long as calculations are made on the figures of any census, the ratios of the succeeding decennial period, must, in cases where the population is gradually increasing, tend to be increasingly higher than the actual figures warrant. The number of births registered during the year under report was 2,099,572 as compared with 2,007,222; that is to say, 40·01 against 38·25 per mille. As was anticipated in 1910, this is due to a decrease in the general price of food-grains. The number of deaths increased from 1,672,640 to 1,715,419, the cause being a rise in the mortality from plague and fever. Patna and Tirhut Divisions show the biggest birth and death-rates. The exceptionally high death-rate in Patna was due to the prevalence of plague, the death-rate from which was 12·46 per mille.

4. **Verification of vital statistics.**—The Khulna District is again the worst offender; 7·65 per cent. of the births and 4·53 per cent. of the deaths enquired into in this district were found to have been unreported. The attention of the Commissioner concerned, will be called to the failure in this district to attain even that very moderate standard of accuracy which is reached by other districts.

The fluctuations in the figures in various districts still continue to show the same extraordinary variations to which attention was drawn last year. In 11 districts out of 33, the recorded birth-rate for the current year varied from the mean birth-rate for the last 5 years by about 15 per cent., while in 27 towns out of 131, the corresponding variation in the death-rate was more than 25 per cent. In towns, the total population on which the ratios are calculated is, of course, smaller, but in most of such areas registration is compulsory, and the figures should, therefore, be more accurate. In some cases variations are satisfactorily explained by the prevalence or absence of cholera, plague or other epidemics, but the inevitable conclusion is that vital statistics, as at present recorded, are not sufficiently accurate to admit of any wide generalization being made. The question of the improvement of statistics in compulsory areas is at present under the consideration of Government.

5. **Cholera.**—There was a satisfactory fall in the mortality from this cause during 1911. The number of deaths was 124,560 as compared with 162,611 during the previous year, and 177,306 the average of the last five years. The scourge was most severe in Gaya, Muzaffarpur and Purnea districts. Disinfection of wells with permanganate of potash was again resorted to in many districts, and in Saran the Police and Presidents of Panchayats were used as agencies for its distribution.

6. **Small-pox.**—The mortality recorded in 1911, viz., 4,741, representing a ratio of 709 per 1,000, was the lowest since 1886. The mortality was slightly greater among children of 10 years and less. Compared with 1910, it was smaller in 27 districts and higher in 4. The highest mortality in towns was recorded in Bhagalpur, where the rate was 4·65.

7. **Vaccination.**—The total number of operations performed during the year was 2,054,756, the number of persons vaccinated being 2,040,693. There was an increase of 45,705 in primary vaccinations and a decrease of 26,079 in revaccinations. The rise in the death-rate from small-pox in Calcutta has led to keeping vaccination stations open on every day of the week and combining them with the birth registration stations. Orders have been issued during the year to ensure improvement in the work of inspection. Hitherto, stress has been laid only on the number of cases inspected. In future, increased importance will be attached to the amount of touring done by the inspecting officers, the state of discipline, and efficiency amongst the subordinate vaccinators.

8. **Plague.**—The upward tendency which was noticed last year in the prevalence of plague, became more marked during the year under review, when 75,681 deaths were reported as compared with 46,584 during the previous

year. The intensity of the disease was chiefly confined to Bihar, where Patna returned a death-rate of 12·46 per mille, Saran 8·76 and Shahabad 6·89. In Calcutta, the mortality was 1·93 per mille. Inoculation was carried out in 1,529 cases, as compared with 349 in the preceding year. No attacks or deaths from plague were reported amongst the inoculated. Among towns, Revelgunge was the worst sufferer and lost 42·59 per mille. Nine of the towns recorded a rate of over 10 per mille. Evacuation of infected houses continues to be the most popular of all measures for the suppression of plague, and proved very useful wherever it was adopted in time. Disinfection of infected houses by the sun's rays and by the use of kerosene oil emulsion, was also practised. In Gaya town, desiccation was resorted to. In Calcutta and Darbhanga, the eradication of rats was stimulated by the payment of rewards to rat-catchers.

9. **Fever.**—After a decline in the mortality from this cause during the last two years, there was a regrettable rise from 1,031,929 to 1,081,349 in the total number of deaths recorded. Fever was responsible for 63·03 per cent. of the total deaths from all causes during the year under review, the corresponding figures for the last year being 61·69. Shahabad continued to maintain its bad reputation, and headed the list with a mortality of 30·21 per mille. In eight of the districts the ratio was over 25 per mille. Among towns, Kumarkhali in the district of Nadia was the most feverish and lost 37·41 per mille of its population. Anti-malarial measures were continued in North Barrackpore almost entirely at the cost of Government, and are now being wound up. It is expected that the general sanitary condition of the Municipality will be greatly improved. Anti-malarial measures were only carried out fully in ten towns.

10. The Provincial Malarial Committee discussed the following subjects during the year :—

- (1) Teaching of malarial prophylaxis in schools.
- (2) Popularization of the use of quinine.
- (3) Diffusion of knowledge in malaria prevention.
- (4) Distribution of quinine in "treatments."
- (5) The connection between drainage conditions and malarial problems.

Major Fry, Special Deputy Sanitary Commissioner was at work in the districts of Jessore, Cuttack, Puri, Bhagalpur, Muzaffarpur, Champaran, Patna, Gaya, Shahabad, Hazaribagh, Ranchi, Manbhum and elsewhere, and the result of his investigations leads to the conclusion that little permanent benefit is likely to accrue in Bengal by any attempt to eradicate mosquitoes by destroying larvæ. Until fuller information as to the causes underlying the prevalence of malaria, in what is called the hyper-endemic area, which consists of part of Murshidabad and Jessore, is obtained, the only method of procedure which seems to hold out hopes of success is to reduce the infection rate by the use of quinine.

Twenty-four Sub-Assistant Surgeons were deputed for distributing quinine gratuitously. In Jessore, quinine hydrochloride in "treatments" was exclusively used, and is said to have been very efficacious and much appreciated by the people. The sale of quinine was the largest in the districts of Burdwan, Khulna, Nadia, Murshidabad and Birbhum.

11. **Desentery and Diarrhoea.**—The mortality under this head fell from 45,902 during 1910 to 43,913 during the year under review. As usual, the death-rate in towns—2·29—was considerably higher than in rural areas.

12. **Respiratory diseases.**—Casualties recorded under this head amounted to 15,402 against 15,447 in the preceding year.

13. **Injury.**—Deaths from snake-bite numbered 10,240 against 9,043 in the preceding year, and the increase in the total number of casualties from injury from 25,357 to 26,124 was due to this rise. The districts of Darbhanga and Muzaffarpur showed the greatest number of deaths from snake-bite Saran and Champaran coming next. One hundred and sixty-five cases of snake-bite were treated with permanganate of potash, and in 129 out of these the patients were discharged as cured, while 34 cases ended fatally. Thirteen persons were treated with antivenene, and of these 12 recovered. Lancets with permanganate of potash and pamphlets of instructions were distributed among Presidents of Panchayats and vaccinators in Saran, Cuttack, 24-Parganas. Jessore and Nadia again provided the largest number of cases of

suicide, and the number of females who perished in this way was again double the number of males. These facts, to which attention was called in last year's resolution, remain unexplained.

14. **Sanitary Improvements.**—The expenditure by municipalities on conservancy, drainage and water-supply decreased from Rs. 24,88,154 to Rs. 22,58,679, the decrease being due to the fact that the expenditure in the preceding year was abnormally large, owing to the construction of drains in various towns. The experiment of employing peripatetic gangs of sweepers for cleansing villages and rural towns was tried in the Patna, Gaya and other districts. The report contains an interesting statement showing the effect of important sanitary works, and the death-rates before and after their execution. Owing to the ravages of epidemics, the beneficial effects of these schemes are not always reflected by the death-rates, but it is interesting to note that in eight of the thirteen cases quoted, there has been a very considerable fall in the death-rate, while two out of the five towns in which the death-rate has increased suffered severely from plague. The introduction of filtered water checks the incidence of cholera and other water-borne diseases but, unless accompanied by the introduction of an efficient drainage scheme, leads to the stagnation of a large volume of waste water and a corresponding rise in the incidence of fever.

15. **Sanitary Board.**—During the year, seven new schemes of water-supply were taken up. Six schemes were under the consideration of the Board in their initial stages and twelve were proceeded with. Eleven drainage schemes were in the course of preparation in the Sanitary Engineer's office, and five others were either examined or revised, while work was in progress in sixteen schemes. In many cases progress has been regrettably slow, and, although the contractor is often to blame, it is clear that the Municipal Commissioners themselves could do a good deal to accelerate the progress of work.

16. In order to stimulate the inception of adequate drainage schemes in suburban municipalities, the Bagjola canal has been excavated and improved at Government cost, and it is hoped that the various municipalities in the vicinity will make use of it as an outlet for their drainage. So far, however, the local bodies concerned have not shown the desire, and in some cases have not the ability, to profit by the help thus afforded by Government.

17. A step in a new direction has been taken by the proposal to create a special Public Works Division for the purpose of investigating drainage conditions. The prevailing ignorance of the data governing the water-logged condition of various districts forbids the formation of well-considered drainage schemes and, owing to the absence of systematic observations from the records of the past, the exact wants of different localities are unknown. It is a common and oft-repeated cry in Bengal that the cause of malaria is largely due to defective drainage. What is needed is a systematic investigation by an expert establishment, which should be able to submit a definite and authoritative report regarding the localities in which the drainage is defective, stating the extent and nature of the defects, and the possible remedies and their approximate cost. This information will now be collected by the special officer appointed for this purpose, who will first investigate the conditions near the Bhairab river in Jessore.

18. Since the close of the year under report, it has been decided to organize a sanitary service for the province, with Health Officers in charge of the larger municipal towns and properly trained and qualified Sanitary Inspectors for other towns and rural areas. The details of the scheme are now being worked out and the course of training for the inspectors drawn up, as the first essential is the supply of properly trained men. The organization of the service in municipal towns will first be taken up, as they are compact and more easily managed areas, but it is hoped, within a reasonable time, to extend the scheme to the rural areas also.

• By order of the Governor in Council.

Secretary to the Government of Bengal.

**RESOLUTION ON THE ANNUAL REPORT OF THE BENGAL
SMOKE NUISANCES COMMISSION FOR THE YEAR 1911-12.**

No. 1690 Marine.

GOVERNMENT OF BENGAL.

MARINE DEPARTMENT.

Dated Calcutta, the 15th July 1912.

RESOLUTION.

READ—

Letter No. 123, dated the 17th June 1912, from the President, Bengal Smoke-nuisances Commission, forwarding the report of the Commission for the year 1911-12.

The Commission held 12 meetings during the year 1911-12.

The Chief and Assistant Inspectors made 4,463 observations of smoke emission, against 3,962 in 1910-11. In the course of their inspection of factories, they tested fuel furnaces; stoking appliances were tested in 278 cases.

2. There has been a steady improvement in the abatement of the smoke nuisance. The average emission of offensive smoke has also been further reduced. The Commission hope to secure greater improvement, if the present limits of smoke emission, which are considered unnecessarily liberal, are reduced. The proposal submitted by the Commission to attain this end, by an alteration of the rules, has just been approved by the Government of India.

3. The Commission experience considerable difficulty in dealing with the nuisance caused by the manufacture of coke in open fires. The nuisance caused by the emission of smoke from lime-kilns is also great, and complaints have been received from the river pilots that it obstructs the navigation of vessels plying on the Hughli. It is proposed to remove these difficulties by amending the Act. The matter is under the consideration of Government.

The Governor in Council is pleased to note that the public continue to show confidence in the Commission. In many instances they have drawn the attention of the Commission to cases of smoke nuisance, which were not observed by the Inspectors. The complaints received were promptly attended to and relief was given by raising chimneys and directing careful working of the furnaces. The number of statutory warnings during the year under report was greater than the average of the previous years owing to the greater facility of detecting individual offenders from amidst the surrounding general improvement, and also owing to the Inspectors being able to devote more time to the particulars of offensive cases.

4. The number of prosecutions was the same as in the previous year, viz., 47. Conviction was obtained in every case. There has not been a single case of failure since the commencement of the working of the Bengal Smoke-nuisances Act, 1905.

The use of electricity and gas is conducive to the prevention of the smoke nuisance and will, it is hoped, be encouraged by reducing the cost of supply as much as possible. One hundred and ninety-six electric motors of about 720 H.-P. were installed during the year, but the number of gas and oil motors, worked during the year, was small.

6. The thanks of Government are due to the public for their continued sympathy and co-operation in the work of the Commission, and also to the President and Members of the Commission for the efficient administration of the Act during the year.

ORDER.—Ordered that a copy of the Resolution be forwarded to the Government of India, Department of Commerce and Industry, the President of the Smoke Nuisances Commission, the Commissioners, Presidency and Burdwan Divisions, the Commissioner of Police, Calcutta, the Chairman, Calcutta Corporation, the Vice-Chairman, Port Commissioners, Calcutta, the Secretary, Bengal Chamber of Commerce, the Secretary, Calcutta Trades Association, the Honorary Secretary to the Bengal National Chamber of Commerce, the Vice-President of the City Improvement Trust, Calcutta, and the Municipal Department of this Government.

Ordered, also, that the Resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council.

B. K. FINNIMORE,
Secretary.

DEPARTMENT OF AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE JUTE CROP OF
BENGAL, 1912.

THIS is the first jute forecast for the Province of Bengal as now constituted. The area returned by District Officers is nearly 3,000,000 acres, which is about 89 per cent. of the whole area under jute in India. The figures of District Officers have, for the purpose of this preliminary forecast, been accepted without any alteration.

Character of the Season.—In March the rainfall was generally above the normal throughout the Province. This was favourable to early sowing in low lands. In the latter part of April the rainfall was much in excess in Eastern Bengal, although not much above normal in the districts near Calcutta. The result was that in Eastern Bengal, in fields where sowing was not completed by the middle of April, this work was seriously retarded. Weeding was also interfered with on lands already sown. Damage was caused to the crop in low lands by flooding from rain water. In May and June the rainfall was approximately normal with a tendency to defect. There was therefore no flooding from a rise in river levels, and in this respect the season compares favourably with that of last year. The work of weeding was also facilitated and prospects improved considerably.

Area sown.—Most districts report that, owing to the high prices realized last year and the favourable conditions for sowing up to the middle of April, the area under cultivation was at first extended all over the Province. In some districts in Eastern Bengal, however, the heavy rain in the latter part of April destroyed a certain amount of the crop. The District Officers of Tippera, Dacca and Mymensingh return a diminished area. The Collector of Tippera has reduced his area by as much as 10,000 acres. The Collector of Jessore, on the other hand, returns the enormous increase of 86,000 acres. This is probably due a good deal to the more favourable weather conditions obtaining in the western part of the Province, which did not suffer from excessive rainfall in the latter part of April.

For the whole Province the figures returned by District Officers show that the total area has increased by a little

over 8 per cent. The actual figure for this year is 2,990,200 acres and for last year 2,757,600 acres. Adding the figures for Bihar and Orissa and Assam, the grand total for the present year is 3,379,200 acres as against 3,106,400 acres for last year. The Province of Bihar and Orissa returns 282,100 acres as against 258,100 acres for last year, and Assam returns 106,900 acres as against 90,700 for last year. The increase for Bihar is therefore over 9 per cent. and that for Assam about 18 per cent. The percentage of increase for the whole three provinces, however, amounts to the same figure approximately as that already given for Bengal, viz., a little over 8 per cent.

Stocks.—According to all reports, the quantity of last year's jute still left in the Province is insignificant.

J. R. BLACKWOOD,

Director of Agriculture, Bengal.

CALCUTTA,

The 10th July 1912.

DISTRICT.	ESTIMATED AREA UNDER JUTE—		Whether much, little or no jute remains in the district from the crop of 1911.		Date by which the sowing of the crop generally commenced this year, and whether that date was early, normal, or late.		REMARKS BY DISTRICT OFFICERS.
	Estimated normal area under jute.	Last year.	This year.				
1	2	3	4	5	6	7	
	Acres.	Acres.	Acres.				
Khulna	19,300	16,500	36,000	Very little	First week of April. Early.		The increase of area is due to high prices realised for the last year's crop and to the favourable weather at the sowing time. The increase is almost entirely at the expense of <i>aus</i> rice. It is also certain that the estimate of average framed last year was too low. There was ample rain at sowing time and subsequently there has generally been more than sufficient rain, but there was a deficiency for some time in Sakthia and Sader, where some of the early sowings flowered prematurely. In Bagheriat there has been too much rain causing not only direct damage, but also preventing weeding at proper time. The damage on <i>hil</i> land by <i>st. ois</i> and heavy rain is rather serious. The premature flowering in Sakthia will affect the outturn badly. Some damage by insect-pests is reported from one thana. Harvesting has already commenced on a small scale and will probably be completed sooner than usual. Recent weather conditions are favourable, but the outturn per unit area will probably be somewhat less than last year.
Burdwan	16,500	13,500	12,500	Very little	April and May. Normal.		The increase of area is due to increased cultivation of jute on account of the rise in prices and favourable rainfall at sowing time. The weather and rainfall have been favourable from the sowing time on till now. The present condition of the crop is good and the outturn is likely to be the same as last year.
Mulnapore	10,400	7,000	11,000	Little	End of May in Ghatal and middle of May elsewhere. Normal.		There has been no increase of 600 acres this year over the normal area owing to rise in the price of jute and to facility of sowing by timely rain. At the sowing time the weather was favourable in the Sader and Ghatal subdivisions and so at present nearly throughout the district. No damage has been caused to the crop till now and the condition of the crop is good in the Sader, Contal, and Ghatal subdivisions and the outturn is expected to be better than last year. In Tamrik the condition of the crop is bad and the outturn is likely to be worse than last year if the situation does not improve.

Hoochly	28,400	44,100	88,100	Nil	First week of April ..	The increase in area is due to the seasonable rainfall at the time of sowing. The character of weather was good at sowing time, but subsequently excessive hot weather damaged the crop to a slight extent. The growth of the crop has been stunted for want of occasional showers during the months of May and June. Up to this time no damage has been done to the crop. In some places the jute has flowered and consequently they will be of stunted growth. The present condition of the crop is fair and the outturn will be better than last year.
Howrah	42,100	24,000	26,000	Nil	1st week of May. Normal.	The increase in the area sown is due to timely rainfall during the sowing time. The weather at sowing time and up till now has been favourable. The present condition of the crop is good and the outturn is likely to be better than last year.
Rajshahi	66,200	74,700	90,900	Little	First part of March in low land and April in high lands. Normal.	The increase in the area sown as compared with last year is due to good agricultural conditions. The weather conditions at sowing time and up till now have been good and their effects on the growth of the crop have been favourable. No report about damages has been received. The present condition of the crop is good and a better outturn is expected this year.
Dinajpur	116,500	116,800	117,900	A little	First part of April. A little early.	The increase of area is due to the seasonable rainfall and high prices last year. At sowing time and up till now there has been a good deal of rain. Owing to excessive rain the fields were not weeded properly and this will affect the crop to a certain extent. There has been no damage to the crop. The present condition of the crop is good, but the outturn is likely to be worse this year owing to excessive rainfall during the last month.
Jalpaiguri	106,300	94,800	104,500	Little	Last week of March to middle of April. Normal.	The increase of area is due to the favourable weather at the sowing time. The weather was good at the sowing time, but excessively rainy since then, and for this reason the growth of weeds produced stunted crop with their stalks. The present condition of the crop is worse than last year.
Darjeeling	2,900	4,500	5,000	Very little	Last week of March. Early.	The increase in cultivation is said to be due to the high price of jute last year. Heavy rainfall at the sowing time damaged the seeds. The weather condition was not favourable to the crop at the early stage, but it is now favourable. The present condition of the crop is fair.

* Revised.

DISTRICT.	Estimated normal area under jute.	ESTIMATED AREA UNDER JUTE—					Whether much, little or no jute remains in the district from the crop of 1911.	Date by which the sowing of the crop generally commenced this year, and whether that date was early, normal, or late.	REMARKS BY DISTRICT OFFICERS.
		Last year.		This year.					
		1	2	3	4	5			
		Acres.	Acres.	Acres.	Acres.	Acres.			
Rangpur	...	383,000	299,600	297,900	Very little	...	Middle of March	...	The decrease in area this year is due to excessive rainfall at the sowing time. The weather was unfavourable at the time of sowing. There were heavy showers of rain and jute plants were almost submerged and weeds sprang up fast choking the jute. In some places the crops were altogether damaged. The damage is estimated to be about 10 per cent. The outturn on low land is expected to be very poor and on high land appears to be fair. On the whole the outturn is likely to be worse than last year.
Bogra	...	115,000	130,000	123,000	Little	...	By the beginning of March. Normal.	...	The increase in area this year is due to extension of cultivation owing to high prices of jute last year. There was little or no rain in the beginning, but heavy and constant rainfall during the latter part of April somewhat damaged the crop. No flood or insect pest has been reported from any part of the district. Among other causes uneven distribution of rainfall as noticed above did some damage to the crop. The present condition of the crop is fairly good but the outturn is expected to be worse than last year.
Pabna	...	180,000	201,500	240,000	Do.	...	Low land—beginning of March. High land—middle of April.	...	The increase of area is due to high prices of jute last year and to timely rain. There were normal showers in April, but the rainfall in May was scanty. The present weather conditions are highly favourable. The growth, more specially of high land jute, was somewhat retarded by short rainfall in May. There has been no flood, but inconsiderable patches have been attacked by caterpillars. The present prospects of the crop are good and the outturn is reported to be better than last year.
Mahla	...	33,000	20,000	26,000	Very little	...	Middle of March. Early	...	The increase in area is due to timely rainfall and to the fact that the high price prevailing last year induced the cultivators to sow more jute than last year. From sowing time and up till now the weather has been favourable. The sowing was early owing to timely rain. The present condition of the crop is good and better outturn is expected this year.

..	145,000	186,600	150,000	April in Sadar and March elsewhere. The dates are normal, except in Narayanpuri, where it was early.	The decrease in area sown this year is due to excessive rain at the sowing time. The weather continued to be rainy a little while from the sowing time till now. In the north-east and some other parts of the district excessive rain washed out the sowings and other wise impeded the cultivation, while the crop is sown. In low lands some damage has been done owing to accumulation of rain water. In some parts the damage was recovered to some extent, but the abnormally heavy showers during the last week of June affected the crop again. The outturn is therefore expected to be worse than last year.
Mymensingh	707,700	728,000	736,000	Very little	..	Later part of March and beginning of April. Rather early.	Originally it was believed the year was a good increase in the area sown, but owing to heavy rain the end, and especially the low lands, were washed out and the crop perished and the area sown could not be washed properly; consequently in many fields there has been a loss of place of ruined rice. The weather was favourable at sowing time, but excessive rain in May caused heavy damage to the crop. The weather subsequently has been favourable. The excessive rain interfered with the weeding, and consequently retarding the growth of the crop, but there has since been good recovery. Nearly six annas of the crop have been damaged by floods. The weather is favourable now and the crop has been much improved recently, so that the outturn will probably be not less than last year.
Fardpur	125,000	130,500	142,200	Nil	..	March and April. Normal.	There has been a decrease in area in Malaripur and increase in the Sadar subdivision, which practically balance each other. The early rain favoured the sowing of jute in the high lands of the Sadar subdivision, while it interfered with the sowing in the low lands of the Malaripur subdivision. The rainfall was favourable at sowing time as regards high land, but rather too heavy for low lands. The prospects have been injuriously affected in low lands by excessive rain. The present condition of the crop is fair and the outturn will probably be the same as last year.
Makurra	22,000	20,000	20,000	Very little	..	End of March. Normal.	There was much rainfall at the time of sowing and at the time of the growth of the crop. The weather was not favourable for the cultivation and growth of the crop. About one-eighth of the crop was damaged owing to excessive rainfall. The present condition of the crop is fair, but the outturn is expected to be worse than last year.
Chittagong	2	300	200	Nil	..	By the middle of May. Normal.	The weather has been favourable. The present condition of the crop is fair.

	Acres.	Acres.	Acres.				
Tippera ...	269,000	273,000	265,000	Little	Latter part of March. Normal		The decrease in area is due to heavy rain at sowing time. In some places owing to extensive damages the land originally sown with jute was broken up and resown with paddy. The weather was bad at sowing time, but it is little better now. It has badly affected the cultivation and growth of the crop. Much damage has been done by the heavy rain and hail storms. The present condition of the crop is fair, but the outturn is likely to be worse than last year.
Malkaj ...	26,000	30,000	31,000	Very little	Earlier— Latter part of March. Foul— Beginning of April. The dates are normal.		The area under jute is slightly larger than last year. Originally a much larger area was put under jute, but owing to excessive rainfall in April, some fields on which jute had been sown were subsequently planted with paddy. Although the actual area is slightly larger than last year, the outturn is expected to be poor, especially on the lower lands.
Total for Benar ...	2,643,400	2,737,600	2,937,400				
Add—For Cooch Bihar	48,400	20,000	32,400	Nil	Beginning of April. Late.		The increase of area is due to high price of jute prevailing last year. The weather has not been favorable. Heavy showers in April interfered with the sowing and weeding operations, but the extent of damage cannot be definitely ascertained. The present condition of the crop is fair and the outturn is expected to be normal.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR JUNE 1912.

I. *Character of the season.*—During the month under report the rainfall was general over the province. The fall was below the normal everywhere except in Nadia, Murshidabad, Khulna, Rajshahi, Bogra, Pabna, Dacca, Mymensingh, Chittagong, Tippera and the Chittagong Hill Tracts, where it was in excess. The excess was marked in the districts of Dacca and Mymensingh and generally occurred towards the end of the month. A statement showing the rainfall in the several districts of the province is appended.

II. *Progress of agricultural operations.*—More rain was wanted in the beginning of the month for the preparation of lands for and sowing of winter rice, and transplantation commenced in places towards the end of the month. Sowing of jute and autumn rice was finished during the first-half of the month, and weeding was in progress. Harvesting of early autumn rice and jute commenced on a small scale.

III. *State of standing crops.*—Winter rice, autumn rice, jute and sugarcane were generally doing well.

IV. *Prospects and probable outturn of harvests.*—Prospects of standing crops were generally favourable.

V. *Damage to crops.*—Some damage was caused to autumn rice and jute in low lands in Bogra by excessive rainfall and in Jessore by insect-pests towards the end of the month. Rats also were reported to have caused damage to standing crops in places in the Chittagong Hill Tracts.

VI. *Condition of agricultural stock.*—The condition of agricultural stock was on the whole good. Cattle-disease was reported to be prevalent in parts of the Presidency Division, and in the districts of Burdwan, Bankura, Midnapore, Dinajpur, Malda, Mymensingh, Chittagong and Noakhali. There were sporadic cases of hæmorrhagic septicæmia among the cattle in the Bagerhat subdivision and rinderpest broke out in the Satkhira subdivision of Khulna.

VII. *Failure of pasturage and fodder.*—Scarcity of water was reported from Diamond Harbour during the beginning of the month. The supply of fodder was sufficient throughout the province.

VIII. *Prices of food-grains.*—During the second fortnight of the month under review the price of rice rose in twelve districts and remained stationary in others. It varied from 7 seers a rupee in Darjeeling and the Chittagong Hill Tracts to 11 seers 8 chitaks in Jalpaiguri.

IX. *Condition of agricultural population.*—The condition of agricultural population was good.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 22nd July 1912.

Summary.—During the week under report the rainfall was general and the weather seasonable. Condition of standing crops is generally good. Harvesting of early autumn rice and jute is proceeding with fair outturn. Transplantation of winter rice is progressing favourably, but it is impeded in Khulna by the outbreaks of cattle-disease. The average price of common rice shows a slight tendency to rise. Cattle-disease is reported from Nadia, Murshidabad, Khulna, Burdwan, Bankura, Malda, Chittagong, Noakhali and the Chittagong Hill Tracts.

RESOLUTION ON THE REPORTS ON ADMINISTRATION OF THE JAIL DEPARTMENT IN BENGAL AND EASTERN BENGAL AND ASSAM FOR THE YEAR 1911.

POLITICAL DEPARTMENT.

JAILS.

CALCUTTA, THE 24TH JULY 1912.

RESOLUTION—No. 4484 P.

READ—

The reports on the administration of the Jail Department in Bengal and Eastern Bengal and Assam for the year 1911.

Read also—

The reports for the years 1909 and 1910 and the resolutions of Government recorded thereon.

THE reports on the Jail Administration in Bengal and Eastern Bengal and Assam as constituted before the 1st April 1912 having been submitted to this Government, the Governor in Council proposes to take the opportunity to review together such salient features of both reports as concern the districts which now form the Presidency of Bengal.

The reports under review have been submitted by Lieutenant-Colonel W. J. Buchanan, I.M.S., and Lieutenant-Colonel B. J. Singh, I.M.S., who were in charge of the departments in Bengal and Eastern Bengal and Assam, respectively, throughout the year.

2. Two of the chief features of the year in Bengal from the administrative point of view are the remarkably low death-rate and the further decrease in the daily average jail population. The death-rate for the year was only 17.9 per mille, which nearly equals the record for the year 1907, when the rate was 17.5. Indeed the remarkable fall in the death-rate from 65 per mille, the rate for the quinquennium 1875-79 to its present low figure is one of the most gratifying features of the Jail Administration in Bengal in recent times. Even if due allowance be made for the absence of overcrowding in the last two years much of the credit is due to the careful attention to the prisoners' health which has been shown by the head of the department and the officers in charge of the various jails, and the Governor in Council takes this opportunity of congratulating them on the excellent result which their efforts have attained. It is to be noted that the best returns are shown by the jails of the two divisions which remain in Bengal as now constituted. The average daily number of prisoners of all classes in these divisions fell from 14,802 to 14,124. The number of convicts remaining at the close of the year and their average daily number were 10,050 and 12,447, respectively, against 12,504 and 13,163 in 1910. The decrease was principally due to the release of 2,404 convicts who received special remissions on the 12th December 1911, the date of the Coronation Durbar at Delhi.

3. The statistics of sickness and mortality in the jails of Eastern Bengal and Assam as in the previous year are a matter of some concern. The ratio of sickness of all classes was higher than it has been in any year since 1906, and though the death-rate was slightly less than in 1910 it still reached the high figure of 31.70 per mille. Looking at the matter from the point of view of the Presidency of Bengal as at present constituted it must be observed that the high ratio is largely due to the unfortunate unhealthiness of the jails in Assam. Even, however, if due consideration is given to this point the death-rate in the Eastern Bengal jails was as high as 24.37, and it is obvious that there is still much room for improvement. The unhealthiness of the jails in Eastern Bengal and Assam was doubtless due partly as in former years to overcrowding since it appears from Lieutenant-Colonel Singh's report that the average population of male convicts and of male under-trials was considerably in excess of the available accommodation. It will therefore be necessary to consider carefully whether the accommodation available in the jails of the Presidency as now constituted is sufficient.

4. The new Presidency Jail at Kalighat is now ready, and a large number of the convicts from the old Presidency Jail have already been transferred to it. The new jail, however, is situated outside the limits of the original jurisdiction of the High Court, and the question of the disposal of prisoners awaiting trial before the High Court and the Courts of the Presidency Magistrates is now being considered by Government, in communication with the Hon'ble Judges. Pending a decision it will be necessary to keep open a portion of the old Presidency Jail for the admission of these prisoners. While the opening of the new jail will provide increased accommodation for 99 prisoners only, the proposed new Central Jail at Monghyr, which was intended to relieve overcrowding in Bengal Central Jails generally, falls outside the limits of Bengal as now constituted. The figures quoted in paragraph 4 of the Bengal Report would indicate that there is spare accommodation for over 1,500 prisoners in the jails of the Presidency and Burdwan Divisions, but it has to be borne in mind that a considerable portion of this spare accommodation cannot be utilized. Surplus accommodation in female or undertrial wards, for instance, or in hospitals can only be used for the class of prisoners for whom it is intended. It is probable that for the present the overcrowding which has prevailed in Eastern Bengal Jails may be avoided by redistribution of the surplus population into the Western Divisions, but the earnest consideration of the Inspector-General will be required as to whether the accommodation of the jails in the Presidency as a whole is sufficient.

5. The present position of affairs in regard to jail manufactures, as disclosed in Lieutenant-Colonel Buchanan's report, cannot but be regarded

as unsatisfactory, and the Inspector-General of Prisons is anxious that the orders laid down in the Home Department resolution No. 10—605-18, dated the 7th May 1886, under which the public consuming departments were compelled to take articles of jail manufacture, provided that they could be supplied by the jails of suitable quality and at suitable prices, should be reaffirmed and enforced. He observes that the Army Department has practically ceased to place orders with the Jail Department, and notes as a particular instance that the number of gunny-bags supplied to the Supply and Transport Department dropped from 54,550 in 1910 to only 2,000 in the year under review. The question has been under the consideration of the Government of India, and instructions have recently issued which modify the orders of 1886 referred to above. Though the large consuming departments of the Government of India have been asked to place orders where possible with the Jails Department, it is the desire of the Government of India that jail manufactures should, so far as possible, be provincialised. The matter is under the consideration of this Government, and efforts will be made to give effect to the wishes of the Government of India, but His Excellency in Council fears that the provincial consuming departments will be unable to provide the jails with sufficient employment, and that the jail receipts will undergo considerable diminution.

6. The question of the treatment of juvenile prisoners has long been under the consideration of Government, and the Governor in Council is glad to learn that much has been done to secure the segregation of such prisoners, to keep them apart from adult and hardened criminals, and to accord them special treatment when in jail. The Juvenile Jail at Alipore will be available for the accommodation of young prisoners from the East Bengal divisions, and it will be unnecessary now to carry out the enlargement of the Bogra Jail which had been intended by the late Eastern Bengal and Assam Government to be set aside as a special place of confinement for juveniles. His Excellency in Council has read with particular interest the description given by the Inspector-General of Prisons of the system followed in the special jail at Alipore. At the same time the Governor in Council regrets to hear that, in Lieutenant-Colonel Buchanan's opinion, youthful offenders, particularly in Calcutta, are too often sent to jail for short periods, and that in the mufassal there is frequently a most undesirable delay in disposing of cases in which juveniles are concerned. Similar defects were noticeable in East Bengal also. Instructions were issued during the year in Calcutta under which all juvenile under-trials are kept separate from other persons in custody and are tried by one of the Presidency Magistrates only. It is hoped that by this means the danger of contamination will be greatly reduced and that the sentences awarded will be of a more suitable nature. The question of the constitution of a separate Children's Court for Calcutta in which a special Magistrate or Magistrates should hear cases in which juveniles are concerned, in a building entirely separate from the Police Courts, is still under the consideration of a Committee presided over by the Commissioner of Police. In districts outside Calcutta attention will again be drawn to the necessity of according special treatment to juvenile prisoners and the circular issued to Bengal districts in February 1908 will be republished. The principles enunciated in that circular for the guidance of Magistrates were—

- (1) that particular attention should be paid to cases in which juvenile offenders are concerned, with special reference to making arrangements for their speedy disposal, and for the protection of such offenders during the pendency of their trials from all contact with other criminal both in court and while under detention elsewhere, hail being freely accepted with a view to avoiding such contact ;
- (2) that the number of cases in which sentences of confinement need be passed on juvenile offenders may be largely reduced by a discriminating use of the powers conferred by section 562 of the Criminal Procedure Code and by the Whipping Act ; and where confinement is necessary detention in a reformatory school is always preferable to imprisonment. When it is found necessary to send any juvenile offender to a reformatory school the Magistrate should at once ascertain by telegram

from the reformatory school authorities whether accommodation is available so that the boy's detention in jail before transfer may be as short as possible.

7. The question of the provision of some means of subsistence for prisoners on release from jail has recently been before the Imperial Legislative Council, and the opinion of the Government of Bengal has now been invited by the Government of India as to how far the rules in force in the Presidency are liberal enough in respect of the payment of convict warders and how far existing arrangements enable an indigent prisoner on release to go back to his home and to look round and find employment. The matter is under examination, and the enquiry will, it is hoped, serve to draw attention to the scope which the subject offers for charitable effort on organised lines. The "Discharged Prisoners' Aid Society" continued its useful work in this direction during the year, and the Governor in Council endorses the regret of the Inspector-General of Prisons that the non-official community of Calcutta does not take a greater interest in the Society's work. His Excellency in Council desires specially to acknowledge the assistance given to the Society by the Hon'ble Mr. Justice Stephen.

8. Partial effect has been given to two of the proposals referred to in the resolution on the Bengal Report for the year 1910 for the improvement of the warder service. The number of paid warders employed in the three Central Jails at the Presidency, Alipore and Midnapore has lately been increased, and the number of unqualified convict warders proportionately decreased. The urgent necessity for this reform is well illustrated by the fact reported by Lieutenant-Colonel Buchanan that no less than 2,249 prisoners who were not eligible under the rules had to be employed as prison officers, and it is obvious that a further increase to the paid staff will be required. The system of maintaining a circle reserve of warders has also been continued as an experimental measure, but in view of the reconstitution of provincial boundaries it was thought inadvisable to proceed further with it. The Inspector-General of Prisons is reconsidering the matter in the light of the altered conditions of the Presidency, and his report is awaited.

9. In his report for the year 1910 the Inspector-General of Prisons, Bengal, pointed out the desirability of improving the management of the subsidiary jails in that province. A similar necessity had been recognised by the late Government of Eastern Bengal and Assam, and it has now been brought to the notice of His Excellency in Council that a scheme had been prepared by that Government and submitted for the approval of the Government of India under which a new grade of officers to be called sub-jailors was to be placed in charge of all sub-jails. The Government of India, however, preferred to defer a decision in the matter in view of the administrative changes then impending. The existing system is unsatisfactory, chiefly because it fails to provide sub-jails generally with any whole-time officers excepting the guards, and the result is that not infrequently the internal administration of sub-jails is practically left in the hands of an illiterate and often an old and inefficient head warder. This is the main defect which the scheme proposed by the late Eastern Bengal and Assam Government was designed to remedy.

10. The names of the officers now serving in Bengal, who have been commended by the Inspectors-General, have been noted. The remarks regarding officers now employed in Assam and Bihar and Orissa will be communicated to the administrations concerned. The thanks of Government are due to Lieutenant-Colonel Buchanan and Lieutenant-Colonel Singh for their able administration of the department during the past year.

ORDER.—Ordered that a copy of this resolution be forwarded to the Inspector-General of Prisons for information and guidance. Ordered also that a copy of this resolution and a copy of the report be submitted to the Government of India in the Home Department, to the Government of Bihar and Orissa and to the Administration of Assam.

Ordered also that the resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council,

C. J. STEVENSON-MOORE,

Chief Secretary to the Government of Bengal.

STATISTICAL INFORMATION REGARDING THE INCOME-TAX DEPARTMENT FOR 1911-12.

NOTIFICATION.

No. 182T.-S.R.—The 26th July 1912.—The following Resolution and Returns of the Board of Revenue, Lower Provinces, on the working of the Income-tax Department in Bengal for the year 1911-12 are published for general information.

H. L. STEPHENSON.

Secy. to the Govt. of Bengal.

No. 3361B., dated Calcutta, the 8th July 1912.

RESOLUTION—By the Board of Revenue, L. P., Miscellaneous Revenue Department.

Member in charge:

THE HON'BLE MR. D. J. MACPHERSON, C.I.E., I.C.S.

1. The receipts, charges and net revenue of the years 1910-11 and 1911-12 are compared below :—

Year.		Rs.	Rs.	Percentage of charges.	Net revenue. Rs.
1911-12	...	53,47,764	1,71,148	3·2	51,76,616
1910-11	...	51,53,978	1,65,704	3·2	49,88,274

The net revenue showed an increase of 3·8 per cent., as compared with a decrease of 3·8 per cent. in 1910-11.

2. The total collections on account of tax during the year showed an increase of Rs. 1,34,143, or 2·7 per cent., in comparison with the previous year. The increase was obtained under all parts, except Part II (Profits of Companies), which showed a decrease of Rs. 20,085, or 2·2 per cent. This decrease under Part II was chiefly due to collections in Calcutta having fallen from Rs. 8,99,068 in 1910-11 to Rs. 8,71,343 in 1911-12 owing to the depression in the coal, jute and gunny trades in the period upon which the assessments for the latter year were based.

The total number of assesses in the lowest class of Part IV (that is, those assessed on an income of Rs. 1,000, but less than Rs. 1,250) was 11,226 against 11,093 of the previous year, showing an increase of 133, or 1·2 per cent.

3. The final number of assesses and the final demand for 1911-12 showed an increase of 2,086 persons and Rs. 31,829, or 4·5 and 7 per cent. as compared with an increase of 5 and a decrease of 3·05 per cent., respectively, during the previous year. Of these increases Calcutta contributed 506 persons and Rs. 10,993, or 24·3 and 34·5 per cent., respectively, a result which is mainly attributed to the favourable state of the piece-goods market. Outside Calcutta the increase in the final demand was largest in the district of Dacca, viz., Rs. 7,991, which was due to the favourable jute season.

4. The percentage of collections on the final demand on account of tax for the year was 95·9 as against 94·2 during the year 1910-11. In the districts of Bankura, Jessore, Khulna, Bogra, Malda and Noakhali the entire

demand was collected within the year. The prescribed standard of 95 per cent. was attained in all other districts, except Calcutta, where the percentage amounted to 94·5. It is reported that the assessments in Calcutta of some European firms and limited companies were delayed owing to their not submitting returns and accounts until the close of the year.

5. The total cost of assessment and collection during the year shows an increase of Rs. 5,444, or 3·3 per cent., in comparison with the previous year, owing chiefly to the grant of a personal allowance to the Collector of Income-tax, Calcutta, and to the revision of the pay of the clerical staff of his office.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 29th July 1912.

Summary.—During the week under report the rainfall was light to moderate and the weather seasonable. Condition of standing crops is generally good, but some damage to crops by the accumulation of water on low land is reported from places. Harvesting of autumn rice and to a limited extent of jute continues. Transplantation of winter rice is progressing, but more rain is wanted for the operation on high land in places in the Burdwan Division and Chittagong. The average price of common rice shows a slight tendency to fall. Cattle-disease is reported from Jessore, Khulna, Burdwan, Maldah, Mymensingh, Chittagong, Tippera and the Chittagong Hill Tracts. Foot-and-mouth disease is reported to be general in Khulna and outbreaks of rinderpest reported in Satkhira subdivision. Stocks of food-grains, fodder and water are sufficient.
